THE CLIMATE OF BELIEF: AMERICAN PUBLIC OPINION ON CLIMATE CHANGE

Wednesday, March 9, 2016
10:00 a.m. - 11:15 a.m.
Lecture and Q&A

Climate change has gained enormous visibility during the past few years, reflected in a range of American policy initiatives. But what does the American public think about the issue of climate change and possible policy responses? Dr. Borick discusses how media, political parties and other factors affect American views on climate change.

About the Presenter
