Dear Ms. Pettit:

As a result of the Department of Aging's licensing inspection of the above named facility on 02/18/2015, two areas of non-compliance were identified. Sincerely,

This STANDARD is not met as evidenced by: Findings: Based on a review of four of sixteen client medical records, it was found that the center failed to correctly document if one center client was free of a communicable disease and also failed to list if the client is able to be in the center if specific precautions are taken, which will prevent the spread of the disease to other individuals. The free of disease statement was incorrectly marked stating that the client was free of disease; Client #1 has the diagnosis of Hepatitis B and Hepatitis C as listed in the medical history. Client #1 was also missing a physician's statement specifying if the client was able to be in the center and what precautions are to be taken to prevent the spread of the disease.	11610	11.102 The Dr, stmt was relied on too heavily and proper research was not done in this case .
