Dear Fellow Pennsylvanians,

One of my top priorities as governor is to protect our seniors, provide them with health choices, and ensure they are able to stay in their homes and with their families as they age. Given my administration’s commitment to these values, I am pleased to present the updated Benefits and Rights for Older Pennsylvanians book. It serves as a valuable resource for older adults, their families, and caregivers in locating the many services available to them.

Older Pennsylvanians make significant contributions to their communities, and many want to remain independent as long as possible. The Department of Aging supports older adults by providing key assistance, including community-based services and pharmaceuticals that keep people healthy and living.

Currently, there are over 3 million individuals age 60 and older living in the commonwealth. At 21.3 percent, Pennsylvania has the fourth highest percentage of residents age 60 and over. And by 2020, more than one in four Pennsylvanians (26.2 percent) will be age 60 and older. These realities only heighten our responsibility to make sure government works for older Pennsylvanians.

Far too often, Pennsylvania’s aging population struggles to afford necessary things like medicine, groceries, and rising property taxes. This should not happen in our state. Seniors have spent their lives working hard to provide for families and communities.

My administration is dedicated to ensuring our most vulnerable residents remain active, engaged, and, most importantly, protected from all forms of abuse and neglect. This book provides information on the many programs and services in place throughout the commonwealth that are designed to do this.

I encourage you to share it with the older adults in your life as well as their families, friends, and caregivers.

Sincerely,

Tom Wolf
Governor
Dear Fellow Pennsylvanians,

One of Governor Wolf’s top priorities is to ensure that older Pennsylvanians are protected from all types of abuse and that they can age in their homes and communities with the dignity and respect they deserve. Pennsylvania has a diverse population of older adults with different needs, and the aging services network must be prepared to effectively respond to those needs. With over 3 million persons age 60 and over who call Pennsylvania “home,” the Pennsylvania Department of Aging is responsible to serve as an effective and visible advocate for their interests at all levels of government. By working in tandem with the Governor’s Office, other state agencies, and the General Assembly on a variety of initiatives intended to promote quality of life and provide quality care to older adults, the department serves as the focal point of state coordination and planning for all long-term services and supports.

In partnership with its network of 52 local Area Agencies on Aging throughout the 67 counties of the commonwealth, the department is committed to providing leadership, advocacy, access to information, and services to older Pennsylvanians, their families, and caregivers. We are pleased, therefore, to provide for you the 2018 edition of the Benefits and Rights for Older Pennsylvanians book, which was designed to serve as a single, comprehensive source of information intended to help you locate aging and long-term services and programs quickly and easily.

While we trust that you will use this book in order to learn about the many services and programs available to assist older Pennsylvanians, we also hope that you will share it with others who may not know where to turn for help. Together, we can link Pennsylvanians to services, benefits, and programs that promote health, preserve dignity, and support independence. To learn more about the Department of Aging, please visit our website at www.aging.pa.gov or call us at 717-783-1550.

Respectfully,

Teresa Osborne
Secretary of Aging
Dear Fellow Pennsylvanians,

Since ticket sales began in 1972, the Pennsylvania Lottery has remained focused on generating funds for programs that benefit older residents through the sale of entertaining Lottery games. The Pennsylvania Lottery remains the only U.S. Lottery that dedicates all of its proceeds for that important purpose, and over the decades the Lottery has contributed more than $28 billion to benefit older Pennsylvanians.

This year, the Lottery will generate more than a billion dollars for programs providing hundreds of thousands of property tax and rent rebates, millions of free and reduced-fare transit rides, and care services to tens of thousands of our most vulnerable residents. It will also provide millions of low-cost prescriptions through the PACE and PACENET programs and a wide range of social, educational and recreational programs through 52 Area Agencies on Aging and hundreds of senior centers throughout the state.

Another benefit to living in Pennsylvania is an income tax system favorable to retired citizens, since Social Security benefits, formal pension plans and IRAs are not subject to the state income tax. Many older residents also qualify for Tax Forgiveness, eliminating the need to make estimated tax payments on interest or dividends earned from investments.

The Department of Revenue and the Lottery are proud to benefit older Pennsylvanians, every day, by protecting their independence, preserving their health and improving the quality of their lives.

If you need assistance with personal income tax matters or in completing a Property Tax/Rent Rebate application, I encourage you to review the resources available on the Department of Revenue website, www.revenue.pa.gov, or call or visit the Revenue district office, listed in the government pages of the telephone directory, nearest you.

Sincerely,

Dan Hassell
Secretary of Revenue
The Pennsylvania Lottery is proud to generate funds for vital programs that benefit older Pennsylvanians. It remains the only state lottery to dedicate all proceeds to benefits for older residents.

**BENEFIT PROGRAMS FOR OLDER ADULTS**

Programs that receive Lottery funds are detailed throughout this booklet, and listings are marked with a Lottery logo. While the Pennsylvania Lottery funds these programs, it does not operate them or set eligibility requirements. These programs include:

- A free transit program administered by the Department of Transportation (page 79)
- The PACE/PACENET low-cost prescription drug programs (page 66) administered by the Department of Aging

- A broad range of local services provided by the 52 Area Agencies on Aging (page 96), including hundreds of Full and part-time senior centers throughout Pennsylvania
NEARLY $27 BILLION IN BENEFITS FUNDING SINCE 1972

Thanks to its players, the Lottery achieved sales of more than $4 billion from which more than $1 billion went to support programs benefiting older Pennsylvanians in the 2016-17 fiscal year. Since the first ticket was sold in 1972, the Pennsylvania Lottery has contributed $28 billion to benefit older adults. Learn more at www.palottery.com.

WHERE DOES THE MONEY GO?

Some older residents of all 67 counties benefit from services supported by over $1.1 billion in Lottery funds annually. Visit the Pennsylvania Lottery’s website at www.palottery.com and explore the Map of Lottery Benefits to learn about specific benefits funding levels in your county.

The Pennsylvania Department of Aging is formally charged by the federal government via the Older Americans Act (42 U.S.C.A. § 3025(a)) and the Pennsylvania General Assembly (71 P.S. § 581-1) with being an advocate for the interests of older Pennsylvanians at all levels of government. Created in 1978, the department serves as the state unit on aging representing Pennsylvania’s rapidly growing older population, which presently includes over 3 million people age 60 and over. In addition to overseeing an array of benefits, services, and programs that are made available through its network of 52 local Area Agencies on Aging (AAAs), which cover the commonwealth’s 67 counties, the department is responsible for representing the state’s interests in the design, implementation and continuous improvement of long-term services and supports for older Pennsylvanians.

Although it is one of Pennsylvania’s smallest departments — relative to the number of employees — it is most significant in terms of its budget and its impact on the lives of Pennsylvanians. The department’s annual budget of nearly $800 million is comprised of federal dollars and state funds, which are generated through the Pennsylvania State Lottery Fund. Hundreds of millions of dollars are allocated annually to provide a wide array of services and programs intended to help older Pennsylvanians live and thrive in their homes and communities for as long as possible. These services include home-delivered and congregate meals, caregiver support, preventative health services, personal assistance, transportation, job training, elder abuse prevention, and so much more. Among the largest programs the department administers are PACE and PACENET, which assist qualified, older state residents in paying for their prescription medications. Thousands of older Pennsylvanians take advantage of these programs each year.

In addition to valuing its advocacy role, the department is committed to collaboration by fostering the development of strategic partnerships and facilitating communications among all stakeholders, including federal, state, and local decision makers. As the department moves forward, it will continue to value these roles as doing so ensures the underpinnings of the Older Americans Act are met.

Aging services in Pennsylvania are carried out through a robust network made up of Area Agencies on Aging (AAA), senior community centers, adult daily living centers, and the PA Link to Aging and Disability Resources. This network is vital to ensuring the effective provision of services so that older Pennsylvanians receive the support and services they need.

The department and AAAs collaborate with other state agencies in the delivery of shared supports. These include Pennsylvania’s Department of Health on transition and diversion activities from nursing facilities to private residences, facilities licensing, and health and wellness initiatives; the Department of Transportation on coordinating transportation for older adults; the Department of Community and Economic Development and Pennsylvania Housing Finance Agency on housing and community development programs; the Department of Agriculture on nutrition programs; the Department of Human Services on home and community-based services, and coordination of long-term services and supports; and the Department of Labor & Industry on employment programs, direct care worker initiatives, and programs focused on independent living for persons with physical disabilities.

Senior community centers are a vital linkage in the distribution of aging services, promoting socialization, engagement, and a positive quality of life. Further, centers work with a variety of local organizations including their Area Agency on Aging to provide access to legal assistance, health screenings, senior employment programs, and volunteer opportunities. To find a center near you, go to www.aging.pa.gov/SCC or contact the local Area Agency on Aging (page 96).
ADULT DAILY LIVING CENTERS

Pennsylvania Department of Aging licenses adult daily living centers that provide social, recreational, therapeutic, and nutritional support for more than 16,000 older Pennsylvanians. Adult daily living centers provide core services including personal care, nursing services, therapeutic activities, social services, nutritional and therapeutic diets, and emergency care. Adult daily living centers are inspected at least annually by the Pennsylvania Department of Aging. Inspection reports can be found online at [www.aging.pa.gov](http://www.aging.pa.gov).

To learn more about the adult daily living centers, visit the Department of Aging website or call 717-214-6716. To find out if funding is available to help subsidize the cost of adult daily living center services, please contact your local Area Agency on Aging (page 96).

PENNSYLVANIA LINK TO AGING & DISABILITY RESOURCES

Pennsylvania’s Aging and Disability Resource Centers (PA Link) are dedicated to improving access to long-term care supports, expanding the use of community-based solutions, promoting consumer-directed decision making through person-centered counseling, and improving the quality of services regardless of an individual’s age, physical or developmental disability, or ability to pay. PA Link partners work together to connect consumers with all available resources related to care, medication, nutrition, insurance, housing, transportation, employment, behavioral health services, and other supports that make it possible for them to continue to live as independently as possible. To contact PA Link, call 800-753-8827 on weekdays from 9 a.m. until 5 p.m. or email carelink@pa.gov.
PENNSYLVANIA COUNCIL ON AGING

The Pennsylvania Council on Aging serves as an advocate for older individuals and advises the governor and the department on planning, coordination, and delivery of services to older individuals. The 21 members who make up the council (the majority of whom are required to be age 60 or older) are nominated by the governor and subject to Senate confirmation. Five additional members of the council are chairs of the five Regional Councils.

PENNSYLVANIA LONG-TERM CARE COUNCIL

The Pennsylvania Long-Term Care Council consultations with various departments and agencies to make recommendations on regulations, licensure, financing, or any other responsibilities of those departments or agencies relating to long-term care. Established by Act 64 of 2015, the council replaces the Intra-Governmental Council on Long-Term Care in order to reflect today’s broader long-term care continuum. The council’s scope includes all areas of long-term care, including, but not limited to, institutional care and home and community-based services. Chaired by the Secretary of Aging, the council is comprised of 35 members, including long-term care consumers, advocates, caregivers, providers, and policymakers.

CULTURAL DIVERSITY ADVISORY COUNCIL

The Cultural Diversity Advisory Council advises the department on developing an aging services network that is culturally sensitive, responsive, and inclusive of the diverse needs of Pennsylvania’s older adults. The council is made up of members from diverse backgrounds and perspectives.

TRANSITIONAL CARE

Transitional Care refers to a 30-day person-centered intervention coordinated system of transitioning a person between health care settings and providers during the course of an acute or chronic illness in order to support a successful discharge and prevent avoidable hospital readmissions.

EDUCATION FOR HOMEOWNERS, RENTERS, AND DEVELOPERS

The Pennsylvania Department of Health (DOH) provides information and referral services regarding Lead Poisoning Prevention Information through operation of the Lead Information Line.

Benefits: The information available deals with lead poisoning with respect to the home environment, children’s health, and safe work practices. If you are a homeowner or renter and occupy a home built prior to 1978, the Department of Health has information that may be helpful to you.

Contact: Call 800-440-LEAD (5323), or visit www.health.pa.gov.

RETIREMENT COMMUNITIES

Retirement communities are evolving and offer a wide range of amenities and levels of services.

Benefits: Retirement communities are generally intended for healthy, mobile older adults. Units may be rented or purchased.

Check community and property descriptions carefully to ensure that the desired amenities or services are offered.

CONTINUING CARE RETIREMENT COMMUNITY

A Continuing Care Retirement Community (CCRC) is one retirement housing option. Pennsylvania is a leader in the continuing care industry, offering more than 220 CCRCs from which to choose.

Benefits: A continuing care retirement community offers independent living, usually in an apartment or cottage, and access to a higher level of care such as personal care or a nursing facility. Residents move between levels of care as their needs change. Services, such as meals, medical care, and social and recreational activities are provided through a contractual arrangement for the lifetime of the resident. Residents usually pay an entrance fee and a monthly charge.
Contact: To find a local Continuing Care Retirement Community, call 877-881-6388, or visit www.insurance.pa.gov and click on “Online Services.” Copies of the publication are also available online at http://www.insurance.pa.gov/Companies/FilingRequire/Pages/Continuing-Care-Retirement-Community.aspx.

ASSISTED LIVING RESIDENCES

Pennsylvania’s Department of Human Services began to license Assisted Living Residences in 2013. Assisted living residences are an alternative model of care to nursing homes and offer individuals the opportunity to age in place.

These residences provide food, shelter, personal care, and supplemental health care services along with assistance or supervision in such matters as dressing, bathing, diet, financial management, and transportation. Licensing regulations applicable to assisted living residences prescribe enhanced standards of care over personal care homes such as larger resident living units, service care packages, increased staffing, including nursing staff, and health care services.

Only licensed Assisted Living Residences may use the term “assisted living” in their name or advertising to differentiate them from a personal care home. The Department of Human Services’ Bureau of Human Services Licensing licenses Assisted Living Residences.

Further information on inspections can be found on the department’s website: http://www.dhs.pa.gov/provider/longtermcareservices/index.htm or by telephone at 717-783-3670.

ASSISTED RENTAL HOUSING

Benefits: The federal government provides rental assistance to low-income, older adults/families and to people with disabilities. www.PAHousingSearch.com is an online resource to search for assisted rental housing and accessible apartments in Pennsylvania.

Those Eligible: Age eligibility is at least 62 years of age or at
least 18 years of age for permanently disabled people. Income eligibility is based on a percentage of the median income for the county of residence. Tenants pay 30 percent of their income toward the rent.

**Contact:** For information about assisted rental housing for older adults, contact the Public Housing and Finance Authority (PHA) at 877-428-8844 or visit [portal.hud.gov](http://portal.hud.gov) and click on “Find My Local Public Housing Agency PHA” or your local Area Agency on Aging (page 96).

**ACCESSIBLE AND AFFORDABLE APARTMENTS**

**Benefits:** www.PAHousingSearch.com is a free service which includes basic, advanced, and accessible searches to help people find housing best suited to their specific needs. www.PAHousingSearch.com also offers a proximity search tool, which helps people find properties within a selected distance from work, school, or from other family members. For anyone with special housing needs, such as older adults or people with disabilities, www.PAHousingSearch.com lets them perform an “accessible” search to look for housing that has the features they need to continue living independently.

**Contact:** Online at www.PAHousingSearch.com or by toll-free, bilingual phone at 877-428-8844 (weekdays, 9 a.m.-8 p.m.)

**NURSING FACILITIES**

There are approximately 700 long-term care nursing facilities in Pennsylvania. Nursing facilities are licensed by the Department of Health and monitored by the Department of Health and the Department of Human Services to assure quality of care.

**Benefits:** Nursing facilities provide medical care and services for individuals who require 24-hour supervised, skilled care. Services are provided based on the individual’s needs due to illness, injury, convalescence, or physical or mental infirmity. Staff is available to assist individuals with all of their medical and personal needs while they are in the nursing facility.

**Those Eligible:** Services are reimbursed for individuals who are
determined eligible for services through the Medical Assistance program (Medicaid). Eligible individuals receive a personal allowance on a monthly basis for their personal use. Medicare and other private insurances may also cover nursing facility services if the individual meets the criteria for coverage. Individuals who meet the criteria for care in a nursing facility may also be able to be served with home and community-based services, allowing them to continue living in the community.

**Contact:** You can become familiar with the nursing facilities in your area by contacting your local Area Agency on Aging (page 96) or the Department of Health website at www.health.pa.gov.

### PERSONAL CARE HOMES

Personal Care Homes offer room and board and assistance with the activities of daily living (such as bathing, grooming, and meal preparation). They are inspected and licensed by the Department of Human Services’ Bureau of Human Services Licensing. They are usually privately-owned, although some are operated by local governments or non-profit agencies. It is important to have a contract with the personal care home, the list of services provided, and the cost of each service.

**Contact:** For a copy of regulations or listing of licensed personal care homes, contact the Bureau of Human Services Licensing in your area.

HOME REPAIR AND REHABILITATION

**Benefits:** Expenses, such as medical bills and utility costs, can make it difficult for many older Pennsylvania homeowners to pay for home maintenance and repairs and remain in their home as they age. There are often local programs available to help.

**Contact:** You may also find helpful programs through Pennsylvania Housing and Finance Agency (PHFA) and the United States Department of Agriculture (USDA) – Rural Development (page 65). Contact your local Area Agency on Aging (page 96) for information on what programs may be available in your area.

REVERSE MORTGAGES

**Benefits:** Reverse mortgages are special home loans that allow older homeowners to convert the equity in their home to cash. The proceeds of the loan may be received as a lump sum, monthly payment, or line of credit. The amount you may borrow depends upon the value of your home, your age, the current interest rate, and for certain loans, the lending limits in your area. There are no restrictions on how you may use the reverse mortgage funds. Unlike a traditional mortgage, you do not make monthly payments on this type of loan. Repayment of the loan is due when you or the last borrower, such as your surviving spouse, no longer lives in the property due to death, selling the home, or a permanent move. You continue to own your home and make necessary home repairs as well as pay the taxes and insurance.

**Those Eligible:** In general, all borrowers must be 62 years of age or older. Health status is not a factor. There are no special income requirements. The home must be a single family residence or a two to four-unit property that you own and occupy. Manufactured homes built after 1976, condominiums and townhouses may also qualify. Any existing loan or mortgage against the home must be paid off with the proceeds of the reverse mortgage. In addition, any required home repairs must also be completed with the proceeds. You can use any
remaining funds for any purpose.

**Note:** The reverse mortgage must be in the first lien position. Counseling is required for all reverse mortgages before you begin the application process. Counseling sessions can be conducted face-to-face or over the telephone.

**Contact:** For information about reverse mortgage programs or to obtain a current list of participating lenders, contact the U.S. Department of Housing and Urban Development (HUD) office nearest you or a Home Equity Conversion Mortgage (HECM) Counselor at (800) 569-4287. **PUBLIC UTILITY COMMISSION**

**Benefits:** The Pennsylvania Public Utility Commission (PA PUC) balances the needs of consumers and utilities, ensures safe and reliable utility service at reasonable rates, protects the public interest, educates consumers to make independent and informed utility choices, furthers economic development, and fosters new technologies and competitive markets in an environmentally sound manner.

PA PUC is responsible for answering questions and handling complaints about electric, natural gas, telephone, steam heat, water, and wastewater utilities. Investigators arbitrate billing, credit, and termination of service issues, along with complaints about electric and natural gas suppliers.

**Contact:** For information on choosing an electric generation
CUSTOMER ASSISTANCE PROGRAMS, UTILITY PROVIDERS

ENERGY ASSISTANCE PROGRAMS:

Budget Billing – All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer’s usage.

Customer Assistance Program (CAP) – CAPs can lower your monthly utility bill. CAPs also may remove the amount you already owe. Each company has a CAP and works with the customer to determine what the customer can pay versus the cost of energy used.

Customer Assistance Referral and Evaluation Program (CARES) – The CARES program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment, or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

Hardship Funds – Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of
eligible customers.

**Low Income Usage Reduction Program (LIURP)** - LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, a smaller bill means your payment covers a greater portion of the bill or perhaps covers the whole bill.

**Benefits:** Utility provider representatives will review a customer’s problems and provide assistance or referral information about agencies that may be able to help with the problem. Many utility providers offer an optional payment plan and may accept partial payment or make special arrangements if necessary. However, if a customer becomes delinquent and makes no payment arrangements, utility service may be terminated.

**Contact:** Your utility provider first to find out more information about these programs. For additional information, visit [www.puc.pa.gov](http://www.puc.pa.gov).

**PENNSYLVANIA HOUSING FINANCE AGENCY**

**Benefits:** PHFA has a variety of housing-related programs that are helpful for older Pennsylvanians, including:

- Affordable home purchase loans for those looking to downsize to a smaller home or to a single-level residence

financing for the repair or replacement of homeowners’ on-lot septic systems, first-time connections to public sewage systems, and repairs to existing public sewer line connections to homes

WEATHERIZATION PROGRAM

The Pennsylvania Department of Community and Economic Development (DCED) works with local County Assistance Offices and other non-profit agencies to administer a home Weatherization Program.

Benefits: The goal of the program is to make the cost of energy more affordable for low-income families throughout Pennsylvania by helping them make their homes more energy efficient. Weatherization services are provided at no charge to eligible individuals and families. Homeowners and renters alike can benefit from this program.

The first step is to conduct a home energy audit to deter-
mine the most appropriate energy conservation measures for the home. Such measures may include, but are not limited to, stopping air infiltration by caulking or weathering doors and windows and replacing broken glass, ensuring adequate insulation in attics, and insulating electric hot water heaters. Crisis assistance is also available to repair or replace heating systems through the Low Income Home Energy Assistance Program.

Those Eligible: Individuals and families with household income at or below 200 percent of the federal poverty level; eligibility for crisis assistance requires a referral from the County Assistance Office.

Contact: For information on the program and to apply, contact your local weatherization agency by visiting www.dced.pa.gov.

insurance policies solely because of the age of an applicant
or insured person. Those policies that may be refused solely
because of age include disability income insurance and hospi-
talization insurance, among others.

MEDICARE

Benefits: Medicare is a health insurance program for individu-
als 65 years of age or older, individuals under 65 years of age
with disabilities, and individuals at any age with end-stage
renal disease (ESRD).

**MEDICARE PART A – HOSPITAL INSURANCE**

**Benefits:** Medicare Part A helps pay for five kinds of care:
- Inpatient hospital care
- Inpatient skilled nursing facility care
- Home health care
- Hospice care
- Inpatient care in a religious nonmedical health care institution

In most cases there is no premium for Medicare Part A, however if you are not eligible for free Part A and you didn’t buy it when you were first eligible, your monthly premium may be higher.

**MEDICARE PART B – MEDICAL INSURANCE**

**Benefits:** Medicare Part B helps pay for:
- Doctor’s services
- Outpatient hospital services
- Various medical services and supplies
- Preventative benefits

This is a voluntary program and a monthly premium must be paid. In some cases this amount may be higher, such as if you do not enroll in Part B when you first become eligible for Medicare or if your income exceeds a certain threshold.

**MEDICARE PART D – PRESCRIPTION DRUG COVERAGE**

**Benefit:** Medicare Prescription Drug Coverage is available to everyone with Medicare and is provided by private insurance companies throughout Pennsylvania. You choose the plan and pay a monthly premium. Some plans may also have a deductible and other cost-shares such as co-pays or coinsurance, however, some individuals may qualify for help with these costs through the Social Security Administration’s Low-Income Subsidy.

Like other insurance, if you decide not to enroll in a drug plan
when you are first eligible and wait to join a plan later, you may have to pay higher premiums. The exception is if you already had prescription drug coverage through other means. This other coverage however, must be determined “credible coverage” by Medicare.

**Those Eligible:** All Medicare beneficiaries.

**Note:** If you are now receiving Social Security or Railroad Retirement card benefits or are eligible for these benefits, your Medicare card will automatically be sent to you. However, if you are nearing 65, still employed, and do not receive monthly checks, you must apply for the program at your local Social Security Administration office. To ensure full coverage, be sure to file your application at least three months before your 65th birthday. If you are employed or covered under a large group employer health insurance contract, contact the local Social Security Office about coordinating your insurance.

**Contact:** The Social Security Administration office nearest you for specific information about the benefits and their funding (page 104).

**Take With You:** Your birth or baptismal certificate recorded before your 5th birthday. Other proof-of-age documents may be substituted only if these are not available.

**MEDICARE ADVANTAGE**

Medicare beneficiaries have the option to receive their Medicare benefits through Medicare Advantage Plans. Medicare Advantage Plans are private insurance plans, such as HMOs and PPOs, which contract with Medicare to provide beneficiaries with coverage. Beneficiaries can stay with Original Medicare or elect an Advantage Plan available in their area. Individuals must sign up for both Part A and Part B of Medicare to be eligible to select an Advantage Plan. Beneficiaries will continue to pay the Part B premium after joining an Advantage Plan in addition to any premiums the Advantage Plan may charge.

**Benefits:** Medicare Advantage Plans offer a comprehensive set of benefits and must cover everything Original Medicare covers, including options for prescription drug coverage. Plans may also include additional benefits not covered by
Medicare, such as eye and dental coverage.

Contact: The APPRISE Program at 800-783-7067 from 9 a.m. to 4 p.m. Monday-Friday or your local Area Agency on Aging (page 96).

MEDICARE SUPPLEMENT INSURANCE (MEDIGAP)

Original Medicare does not offer complete health insurance protection. Medigap, or Medicare Supplement insurance, is regulated by federal and state law and must be clearly defined as Medicare Supplement insurance. It is designed specifically to compliment Original Medicare’s benefits by filling in some of the gaps in Medicare coverage.

Benefits: There are currently 10 standard Medigap policies from which beneficiaries may choose. Each of the plans include a core benefit package along with varying benefit combinations.

Those Eligible: Individuals eligible for Medicare Parts A and B.

Contact: The APPRISE Program at 800-783-7067 from 9 a.m. to 4 p.m. Monday-Friday or your local Area Agency on Aging (page 96).

MEDICAL ASSISTANCE (MEDICAID)

Benefits: Medicaid, which is known as Medical Assistance in Pennsylvania, pays, with limited cost to you, many medical expenses including physician’s services, psychiatric care, nursing facility care, laboratory, clinic and X-ray services, and hospitalization, among other services.

Coverage varies according to your particular situation and you should check with Medicaid to find out what services are available to you. If you need emergency ambulance transportation for medical care, Medicaid will pay the cost. Non-emergency medical transportation may also be covered under other programs. In most cases, your Medicare Part B premiums
are also paid by Medicaid.

**MEDICARE SAVINGS PROGRAMS**

**Benefits:** The Medicare Savings Programs help Medicare beneficiaries pay for their Medicare Part B premium. Some individuals may also qualify for help with their Medicare deductibles, copays, and coinsurance.

**Contact:** The APPRISE Program at 800-783-7067 from 9 a.m. to 4 p.m. Monday-Friday or your local Area Agency on Aging (page 96).

**MEDICAL ASSISTANCE FOR WORKERS WITH DISABILITIES**

**Benefits:** Medical Assistance for Workers with Disabilities (MAWD) lets Pennsylvanians with disabilities take fulfilling jobs while earning money and still keeping their full medical benefits. With MAWD, a consumer can keep Medicaid while they work, even if their earnings increase above the limits for other programs. Under MAWD, consumers pay a monthly premium for their coverage. Their premium is 5 percent of their countable monthly income after all allowable deductions.

**Those Eligible:**
- Consumer must be at least age 16 and under 65 years of age
- Consumer must be employed and receiving compensation
- Consumer must have a disability that meets the Social Security Administration’s standards
- Consumer must have a countable income at or below 250 percent of the Federal Poverty Guidelines

The four levels of benefits are:

- Healthy Horizons Categorically Needy Program, which provides medical benefits (including prescriptions, doctor or clinic visits, dental and eye care) as well as payment of Medicare Part A and B premiums, deductibles, and coinsurance

Those Eligible: To be eligible for the first two programs, your income may not be greater than 100 percent of the Federal Poverty Income Guidelines. For the SLMB Program, your income must be between 100 percent and 120 percent of the Federal Poverty Income Guidelines. To qualify for the QI Program, your income must be between 120 percent and 135 percent of the Federal Poverty Income Guidelines.

For the Healthy Horizons Categorically Needy Program, resources may not exceed the Supplemental Security Income (SSI) resource limit. The resource limits for Healthy Horizons Cost Sharing, SLMB, and QI Programs are $7,280 for one-person and $10,930 for two people. These resource limits may increase each January. Adults with a dependent under age 21 living in their home may be exempt from the resource limits, with the exception of the SLMB and QI programs.

NURSING HOME COMPLAINT HOTLINE

Benefits: The Department of Health is available to assist you if you’re concerned about quality of care in a nursing home. But first, you should talk to your Nursing Home Administrator and/or Director of Nursing. He or she is licensed and responsible for the operation of the facility.

The facility is required to have a system in place to address your concerns and develop a plan to lead to a reasonable and acceptable solution. Second, you should call your local Area Agency on Aging (page 96) to get connected with a Depart-
ment of Aging Ombudsman. Ombudsmen are trained professionals who resolve complaints made by, or on behalf of, older residents of long-term care facilities such as nursing homes, assisted living facilities, and personal care homes. If you are still dissatisfied, the Department of Health will assist you in assuring quality of care and safety for nursing home residents. WILLS

A Will is a legal document that sets forth your wishes regarding the distribution of your property. A Will allows a testator (the person writing the will) to determine how his or her property should be distributed. In Pennsylvania, the law requires that the testator be at least 18 years old and of sound mind (mentally competent). Every Will must be in writing and must be signed and dated at the end of the Will by the testator. Should circumstances change, a new Will may be prepared or an addition may be added to an existing Will by making an addition, called a codicil.

Benefits: A Will allows an adult to select the people who will inherit his or her property (estate) after his or her death. In Pennsylvania, if you die without a will or if the will is invalid, your property will be distributed according to Pennsylvania’s intestacy laws, which may not be in accordance with your wishes.

Who is Eligible: Any person 18 years or older who is of sound mind.

Contact: For assistance in obtaining an attorney or for additional information, contact your local Area Agency on Aging (page 96), the Pennsylvania Bar Association Lawyer Service, or the SeniorLAW Helpline (page 58).

POWER OF ATTORNEY

A Power of Attorney is a written document that allows you to authorize another person to act for you, as your Agent or Attorney-in-fact. The individual making the Power of Attorney is known as the Principal and the person designated to act on the Principal’s behalf is the Agent. The Power of Attorney document authorizes the Agent to act on behalf of the Principal if the Principal becomes unable to act for himself/herself or under specified circumstances.
• The Principal must be over 18 years of age and competent
• A Power of Attorney must be witnessed and notarized
• A Power of Attorney is also known as a POA
• A Power of Attorney must be signed and dated by the principal or another adult on behalf of the principal. If another adult signs there are additional complex rules.

**Benefits:** When properly executed, the Power of Attorney document will permit the Agent to manage the medical needs, money and/or property of the Principal. The Agent must:
• Act in the best interest of the Principal.
• Keep the assets of the Principal separate from his or her own.
• Exercise reasonable caution and prudence.
• Keep a full, complete, and accurate record of all transactions, receipts, and disbursements on behalf of the Principal.

**It is recommended that individuals consult an attorney when drafting or modifying a Power of Attorney.**

You may also wish to name someone your health care Power of Attorney to make decisions for you, should you be unable
to do so for yourself. A health care Power of Attorney may be effective before you are in an end-stage medical condition or permanently unconscious. Pennsylvania has published an example of a form that combines a “living will” and Health Care Power of Attorney.

PROPERTY TAX EXEMPTIONS

One hundred percent service-connected-disabled veterans who served during a period of war or armed conflict may be eligible for Property Tax Exemption.

Contact: Your County Director of Veterans Affairs for assistance with the application. County Directors of Veterans Affairs (page 90) are accredited to represent veterans to the Federal VA in the execution of claims. Veterans can also have their DD-214 recorded in the County or in the DMVA offices.

Veterans may apply to have a “Veteran” designation placed on their driver’s license free of charge at the time of renewal. Qualified applicants for a Veterans Designation on their driver’s license or identification card include those who have received a Certificate of Release or Discharge from Active Duty/DD214 or equivalent for service in the United States Armed Forces, including a reserve component or the National Guard.

Note: Please check with the Department of Military and Veterans Affairs for specific eligibility requirements prior to submitting your request to add the Veterans Designation to your driver’s license or identification card.

Once the Veterans Designation has been added to your license or ID, it will automatically appear each time your license or ID is renewed.

The Veterans Designation does not entitle a veteran to any special consideration or discount but rather identifies the bearer as a veteran who honorably served their Nation and
this commonwealth. Any other recognition such as a discount, free meal, or other token of appreciation is completely and solely determined by the organization, business, or entity providing a service.

There is no fee for the Veterans Designation, however, qualified applicants must pay any initial issuance, renewal, or duplicate driver’s license or ID fees.

They assist their adult clients by offering companionship and friendship, assisting with simple chores, providing transportation, and adding richness to their clients’ lives. Senior Companions receive pre-service and monthly training sessions, reimbursement for transportation, some meals during service, an annual physical, and accident and liability insurance while on duty. Income-eligible Senior Companions also receive a modest, tax-free stipend to offset the cost of volunteering.

**Those Eligible:** Volunteers must be 55 or over and be able to serve between 15 and 40 hours a week.

PEACE CORPS

Benefits: The Peace Corps has three goals: to help people of interested countries meet their need for trained men and women, to help promote a better understanding of Americans on the part of the people served, and to help promote a better understanding of other people on the part of American citizens. Older adults have the opportunity to share a lifetime of work and wisdom with people of developing nations who respect and appreciate age. With no upper age limit to apply, it’s never too late to serve — volunteers who are well into their eighties have served and continue to serve. Older Peace Corps Volunteers put their wealth of experience to work in all corners of the world and in a variety of assignments, ranging from business advising or community development to teaching English, math, or science.

Contact: Peace Corps Northeast Regional Recruitment Office at 212-352-5440 or www.peacecorps.gov
