Dear Fellow Pennsylvanians,

One of my top priorities as governor is to protect our seniors, provide them with health choices, and ensure they are able to stay in their homes and with their families as they age. Given my administration’s commitment to these values, I am pleased to present the updated Benefits and Rights for Older Pennsylvanians book. It serves as a valuable resource for older adults, their families, and caregivers in locating the many services available to them.

Older Pennsylvanians make significant contributions to their communities, and many want to remain independent as long as possible. The Department of Aging supports older adults by providing key assistance, including community-based services and pharmaceuticals that keep people healthy and living longer. Currently, there are over 3 million individuals age 60 and older living in the commonwealth. At 21.3 percent, Pennsylvania has the fourth highest percentage of residents age 60 and over, and by 2020, more than one in four Pennsylvanians (26.2 percent) will be age 60 and older. These realities only heighten our responsibility to make sure government works for older Pennsylvanians.

Far too often, Pennsylvania’s aging population struggles to afford necessary things like medicine, groceries, and rising property taxes. This should not happen in our state. Seniors have spent their lives working hard to provide for families and communities.

My administration is dedicated to ensuring our most vulnerable residents remain active, engaged, and, most importantly, protected from all forms of abuse and neglect. This book provides information on the many programs and services in place throughout the commonwealth that are designed to do this.

I encourage you to share it with the older adults in your life as well as their families, friends, and caregivers.

Sincerely,

Tom Wolf
Governor
Dear Fellow Pennsylvanians,

One of Governor Wolf’s top priorities is to ensure that older Pennsylvanians are protected from all types of abuse and that they can age in their homes and communities with the dignity and respect they deserve. Pennsylvania has a diverse population of older adults with different needs, and the aging services network must be prepared to effectively respond to those needs. With over 3 million persons age 60 and over who call Pennsylvania “home,” the Pennsylvania Department of Aging is responsible to serve as an effective and visible advocate for their interests at all levels of government. By working in tandem with the Governor’s Office, other state agencies, and the General Assembly on a variety of initiatives intended to promote quality of life and provide quality care to older adults, the department serves as the focal point of state coordination and planning for all long-term services and supports.

In partnership with its network of 52 local Area Agencies on Aging throughout the 67 counties of the commonwealth, the department is committed to providing leadership, advocacy, and access to information and services to older Pennsylvanians, their families, and caregivers. We are pleased, therefore, to provide for you the 2019 edition of the Benefits and Rights for Older Pennsylvanians book, which was designed to serve as a single, comprehensive source of information intended to help you locate aging and long-term services and programs quickly and easily.

While we trust that you will use this book in order to learn about the many services and programs available to assist older Pennsylvanians, we also hope that you will share it with others who may not know where to turn for help. Together, we can link Pennsylvanians to services, benefits, and programs that promote health, preserve dignity, and support independence. To learn more about the Department of Aging, please visit our website at www.aging.pa.gov or call us at 717-783-1550.

Respectfully,

Teresa Osborne
Secretary of Aging
Dear Fellow Pennsylvanians,

Since ticket sales began in 1972, the Pennsylvania Lottery has remained focused on generating funds for programs that benefit older residents through the sale of entertaining Lottery games. The Pennsylvania Lottery remains the only U.S. Lottery that dedicates all of its proceeds for that important purpose, and over the decades the Lottery has contributed more than $29 billion to benefit older Pennsylvanians.

This year, the Lottery will generate more than a billion dollars for programs providing hundreds of thousands of property tax and rent rebates, millions of free and reduced-fare transit rides, and care services to tens of thousands of our most vulnerable residents. It will also provide millions of low-cost prescriptions through the PACE and PACENET programs and a wide range of social, educational and recreational programs through 52 Area Agencies on Aging and hundreds of senior centers throughout the state.

Another benefit to living in Pennsylvania is an income tax system favorable to retired citizens, since Social Security benefits, formal pension plans and IRAs are not subject to the state income tax. Many older residents also qualify for Tax Forgiveness, eliminating the need to make estimated tax payments on interest or dividends earned from investments.

The Department of Revenue and the Lottery are proud to benefit older Pennsylvanians every day by protecting their independence, preserving their health and improving the quality of their lives.

If you need assistance with personal income tax matters or in completing a Property Tax/Rent Rebate application, I encourage you to review the resources available on the Department of Revenue website, www.revenue.pa.gov, or call or visit the Revenue district office, listed in the government pages of the telephone directory, nearest you.

Sincerely,

Dan Hassell
Secretary of Revenue
The Pennsylvania Lottery is proud to generate funds for vital programs that benefit older Pennsylvanians. It remains the only state lottery to dedicate all proceeds to benefits for older residents.

The Pennsylvania Department of Aging is formally charged by the federal government via the Older Americans Act (42 U.S.C.A. § 3025(a)) and the Pennsylvania General Assembly (71 P.S. § 581-1) with being an advocate for the interests of older Pennsylvanians at all levels of government. Created in 1978, the department serves as the state unit on aging representing Pennsylvania’s rapidly growing older population, which presently includes nearly 2.9 million people age 60 and over. In addition to overseeing an array of benefits, services, and programs that are made available through its network of 52 local Area Agencies on Aging (AAAs), which cover the commonwealth’s 67 counties, the department is responsible for representing the state’s interests in the design, implementation and continuous improvement of long-term services and supports for older Pennsylvanians.

Although it is one of Pennsylvania’s smallest departments — relative to the number of employees — it is most significant in terms of its budget and its impact on the lives of Pennsylvanians. The department’s annual budget of nearly $800 million is comprised of federal dollars and state funds, which are generated through the Pennsylvania State Lottery Fund. Hundreds of millions of dollars are allocated annually to provide a wide array of services and programs intended to help older Pennsylvanians live and thrive in their homes and communities for as long as possible. These services include home-delivered and congregate meals, caregiver support, preventative health services, personal assistance, transportation, job training, elder abuse prevention, and so much more. Among the largest programs the department administers are PACE and PACENET, which assist qualified, older state residents in paying for their prescription medications. Thousands of older Pennsylvanians take advantage of these programs each year.

In addition to valuing its advocacy role, the department is committed to collaboration by fostering the development of strategic partnerships and facilitating communications among all stakeholders, including federal, state, and local decision makers. As the department moves forward, it will continue to value these roles as doing so ensures the underpinnings of the Older Americans Act are met.

Aging services in Pennsylvania are carried out through a robust network made up of Area Agencies on Aging (AAA), senior community centers, adult daily living centers, and the PA Link to Aging and Disability Resources. This network is vital to ensuring the effective provision of services so that older Pennsylvanians receive the support and services they need.

The department and AAAs collaborate with other state agencies in the delivery of shared supports. These include Pennsylvania’s Department of Health on transition and diversion activities from nursing facilities to private residences, facilities licensing, and health and wellness initiatives; the Department of Transportation on coordinating transportation for older adults; the Department of Community and Economic Development and Pennsylvania Housing Finance Agency on housing and community development programs; the Department of Agriculture on nutrition programs; the Department of Human Services on home and community-based services, and coordination of long-term services and supports; and the Department of Labor & Industry on employment programs, direct care worker initiatives, and programs focused on independent living for persons with physical disabilities.

Senior community centers are a vital linkage in the distribution of aging services, promoting socialization, engagement, and a positive quality of life. Further, senior community centers work with a variety of local organizations including their Area Agency on Aging to provide access to legal assistance, health screenings, senior employment programs, and volunteer opportunities. To find a center near you, go to www.aging.pa.gov/SCC or contact the local Area Agency on Aging (page 101).
ADULT DAILY LIVING CENTERS

The Pennsylvania Department of Aging licenses 269 adult daily living centers, providing social, recreational, therapeutic, and nutritional support for more than 13,000 older Pennsylvanians. Adult daily living centers provide core services, including personal care, nursing services, therapeutic activities, social services, nutritional and therapeutic diets, and emergency care. One hundred twenty-six centers primarily serve older adults with dementia-related conditions, 122 serve adults with developmental or intellectual disabilities, and 21 are LIFE centers. Adult daily living centers are inspected at least annually by the Pennsylvania Department of Aging. Inspection reports can be found online at www.aging.pa.gov.

To learn more about the adult daily living centers, visit the Department of Aging website or call 717-214-6716. To find out if funding is available to help subsidize the cost of adult daily living center services, please contact your local Area Agency on Aging (page 101).

PENNSYLVANIA LINK TO AGING & DISABILITY RESOURCES

Pennsylvania’s Aging and Disability Resource Centers (PA Link) are dedicated to improving access to long-term care supports, expanding the use of community-based solutions, promoting consumer-directed decision making through person-centered counseling, and improving the quality of services regardless of an individual’s age, physical or developmental disability, or ability to pay. PA Link partners work together to connect consumers with all available resources related to care, medication, nutrition, insurance, housing, transportation, employment, behavioral health services, and other supports that make it possible for them to continue to live as independently as possible. To contact PA Link, call 800-753-8827 on weekdays from 9 a.m. until 5 p.m. or email carelink@pa.gov.
PENNSYLVANIA COUNCIL ON AGING

The Pennsylvania Council on Aging serves as an advocate for older individuals and advises the governor and the department on planning, coordination, and delivery of services to older individuals. The 21 members who make up the council (the majority of whom are required to be age 60 or older) are nominated by the governor and subject to Senate confirmation. Five additional members of the council are chairs of the five Regional Councils.

PENNSYLVANIA LONG-TERM CARE COUNCIL

The Pennsylvania Long-Term Care Council consults with various departments and agencies to make recommendations on regulations, licensure, financing, or any other responsibilities of those departments or agencies relating to long-term care. Established by Act 64 of 2015, the council replaces the Intra-Governmental Council on Long-Term Care in order to reflect today’s broader long-term care continuum. The council’s scope includes all areas of long-term care, including, but not limited to, institutional care and home and community-based services. Chaired by the Secretary of Aging, the council is comprised of 35 members, including long-term care consumers, advocates, caregivers, providers, and policymakers.

CULTURAL DIVERSITY ADVISORY COUNCIL

The Cultural Diversity Advisory Council advises the department on developing and sustaining an aging services network that is culturally sensitive, responsive, and inclusive of the diverse needs of Pennsylvania’s older adults. The council is made up of AAA representatives and members from diverse backgrounds and perspectives.
CAREGIVER SUPPORT

PENNSYLVANIA CAREGIVER SUPPORT PROGRAM

Benefits: The goal of the Caregiver Support Program is to reduce caregiver stress by offering support and financial reimbursement for certain caregiving out-of-pocket expenses ranging from respite care to supplies related to caregiving. Caregivers are assigned a Care Manager from their local Area Agency on Aging who assesses their needs in the caregiving role, provides emotional and educational support including local support groups and technical assistance, and manages financial reimbursement provided to the caregiver. Modifications to the home, such as installation of a chair lift or a wheelchair ramp, or assistance with the purchase of an assistive device may be approved on a case-by-case basis if they are necessary for providing support to the caregiver.

Those Eligible: Pennsylvania’s Caregiver Support Program is designed for individuals who are caring for loved ones who are suffering from an illness or disability that causes a functional deficit which requires assistance, or for a dependent child. The following individuals may qualify for benefits:

• A caregiver age 18 and older who is the primary caregiver for a functionally dependent individual age 60 and older or an individual between the age of 18 and 59 who is suffering from a chronic dementia, such as Alzheimer’s disease or related disorder or a severe disability, or an individual under age 18 with chronic dementia.

• A caregiver age 55 and older caring for an individual age 18-59 who is related by blood, marriage or adoption, with a non-dementia disability.

• A caregiver age 55 and older who is not the biological parent but is the primary caregiver for, and related by blood, marriage or adoption to, a child under the age of 18.

TRANSITIONAL CARE

Transitional Care refers to a coordinated system of transitioning a person between health care settings and providers during the course of an acute or chronic illness. Transitional Care programs provide person-centered support and follow-up to guide a successful discharge and prevent avoidable hospital readmissions.

*Not all services are available in every county.

There are no financial eligibility requirements, however, consumers receiving OPTIONS services may be required to share in the cost of services they receive. The consumer’s cost share fee is based upon countable monthly income on a sliding scale. Financial verification is required to receive services.

Contact: For more information or to apply for OPTIONS services, contact your local Area Agency on Aging (page 101).

AGING WAIVER
Benefits: The Aging Waiver Program provides in-home services to consumers who are age 60 and over who meet functional and financial eligibility requirements.

HOUSING

DOMICILIARY CARE SERVICES FOR ADULTS

Benefits: The Domiciliary Care (Dom Care) program provides a supervised, homelike living arrangement for adults age 18 and older who are unable to live independently in the community. Dom Care homes are certified by the local Area Agency on Aging for three or fewer residents. Area Agencies on Aging match eligible residents to Dom Care providers with consideration of their mutual needs, preferences, and interests. Area Agencies on Aging also provide ongoing care management services to residents and conduct annual Dom Care home inspections. Residents of the Dom Care home receive assistance with self-help activities such as bathing, grooming, and laundry. Dom Care providers assure the resident receives nutritious meals, transportation to medical appointments, and assistance with self-administration of medication, when needed.

Dom Care providers are typically individuals who open their homes and are willing to provide residents with housing, support, care, and encouragement in a family-like setting. They participate in a certification process to make sure their home meets health and safety requirements. The success of the Dom Care program is dependent upon these nurturing individuals who have the desire to give daily, personalized care and attention to residents and encourage a sense of belonging and independence in their own home.

Contact: To learn more about the Dom Care program, either as a prospective resident or provider, please go to aging.pa.gov or contact your local Area Agency on Aging (page 101).
LOW INCOME HOME ENERGY ASSISTANCE PROGRAM

The Pennsylvania Department of Human Services (DHS) administers the Low-Income Home Energy Assistance Program (LIHEAP) through the County Assistance Offices.

Benefits: LIHEAP is a grant that offers assistance in the form of a cash grant, sent directly to the heating vendor to help pay a portion of their heating bills. The LIHEAP cash minimum payment for the 2018-19 LIHEAP season is $200 and the maximum is $1,000. In addition to the LIHEAP cash program, households experiencing a heating crisis may be eligible for additional benefits through the LIHEAP crisis program. A heating crisis is when a household is without heat or is in immediate danger of being without heat. The LIHEAP crisis minimum payment for the 2018-19 LIHEAP season is $25 and the maximum payment is $600. A household may only receive one cash benefit during the LIHEAP season but may receive multiple crisis payments until the $600 maximum threshold is reached. Both the LIHEAP cash and crisis programs operate during the winter heating season. For the 2018-19 LIHEAP season, the programs will open on November 1, 2018, and will close on April 12, 2019. DHS may extend or shorten the program depending upon the availability of federal funds. LIHEAP is not a welfare program or a loan. No lien is placed on the home and the consumer does not have to pay back the money.

Those Eligible: Individuals and families whose income meets the guidelines established for the program. Eligibility for the 2018-19 LIHEAP season is set at 150 percent of the federal poverty income guidelines. The chart below shows the maximum income allowed for eligibility based on household size.

**RETIREMENT COMMUNITIES**

Retirement communities are evolving and offer a wide range of amenities and levels of services. Retirement communities are generally intended for healthy, active older adults. Units may be rented or purchased.

Check community and property descriptions carefully to ensure the desired amenities or services are offered.

**CONTINUING CARE RETIREMENT COMMUNITY**

A Continuing Care Retirement Community (CCRC) is one retirement housing option. Pennsylvania is a leader in the continuing care industry, offering more than 220 CCRCs from which to choose.
Benefits: A continuing care retirement community offers independent living, usually in an apartment or cottage, and access to a higher level of care such as personal care or a nursing facility. Residents move between levels of care as their needs change. Services, such as meals, medical care, and social and recreational activities, are provided through a contractual arrangement for the lifetime of the resident. Residents usually pay an entrance fee and a monthly charge.

Contact: To find a local Continuing Care Retirement Community, call 877-881-6388, or visit www.insurance.pa.gov and click on “Seniors” under “Insurance Coverage Resources.” Copies of the publication are also available online at https://www.insurance.pa.gov/Coverage/ContinuingCare/Pages/default.aspx.

ASSISTED LIVING RESIDENCES

Pennsylvania’s Department of Human Services began to license Assisted Living Residences in 2013. Assisted living residences are an alternative model of care to nursing homes and offer individuals the opportunity to age in place.

These residences provide: food, shelter, personal care, and supplemental health care services along with assistance or supervision in such matters as dressing, bathing, diet, financial management, and transportation. Licensing regulations applicable to assisted living residences prescribe enhanced standards of care over personal care homes such as: larger resident living units, service care packages, increased staffing, including nursing staff, and health care services.

Only licensed Assisted Living Residences may use the term “assisted living” in their name or advertising to differentiate them from a personal care home.

The Department of Human Services Bureau of Human Services Licensing licenses Assisted Living Residences.

Further information on inspections can be found on the departments website: http://www.dhs.pa.gov/provider/longterm-careservices/index.htm or by telephone at 717-783-3670.

NURSING FACILITIES

There are approximately 700 long-term care nursing facilities in Pennsylvania. Nursing facilities are licensed and certified by the Department of Health and monitored by the Department of Health to assure quality of care.

Benefits: Nursing facilities provide medical care and services for individuals who require 24-hour supervised, skilled care. Services are provided based on the individual’s needs due to illness, injury, convalescence, or physical or mental infirmity. Staff is
available to assist individuals with all of their medical and personal needs while they are in the nursing facility.

**Those Eligible:** Services are reimbursed for individuals who are determined eligible for services through the Medical Assistance program (Medicaid). Eligible individuals receive a personal allowance on a monthly basis for their personal use. Medicare and other private insurances may also cover nursing facility services if the individual meets the criteria for coverage. Individuals who meet the criteria for care in a nursing facility may also be able to be served with home and community-based services, allowing them to continue living in the community.

**Contact:** You can become familiar with the nursing facilities in your area by contacting your local Area Agency on Aging (page 101) or the Department of Health website at [www.health.pa.gov](http://www.health.pa.gov).

HOME REPAIR AND REHABILITATION

Benefits: Many of Pennsylvania’s older adults prefer to remain in their home as they age. However, expenses such as medical bills and utility costs can make it difficult for homeowners to pay for home maintenance and repairs. There are often local programs available to help.

Contact: Contact your local Area Agency on Aging (page 101) for information on what programs may be available in your area. You may also find helpful programs through Pennsylvania Housing and Finance Agency (PHFA) and the United States Department of Agriculture (USDA) – Rural Development (page 71).

REVERSE MORTGAGES

Benefits: Reverse mortgages are special home loans that allow older homeowners to convert the equity in their home to cash. The proceeds of the loan may be received as a lump sum, monthly payment, or line of credit. The amount you may borrow depends upon the value of your home, your age, the current interest rate, and for certain loans, the lending limits in your area. There are no restrictions on how you may use the reverse mortgage funds. Unlike a traditional mortgage, you do not make monthly payments on this type of loan. Repayment of the loan is due when you or the last borrower, such as your surviving spouse, no longer lives in the property due to death, selling the home, or a permanent move. You continue to own your home and make necessary home repairs as well as to pay the taxes and insurance.

Those Eligible: In general, all borrowers must be 62 years of age or older. Health status is not a factor. There are no special income requirements. The home must be a single family residence or a two to four-unit property that you own and occupy. Manufactured homes built after 1976, condominiums and
Townhouses may also qualify. Any existing loan or mortgage against the home must be paid off with the proceeds of the reverse mortgage. In addition, any required home repairs must also be completed with the proceeds. You can use any remaining funds for any purpose.

Note: The reverse mortgage must be in the first lien position. Counseling is required for all reverse mortgages before you begin the application process. Counseling sessions can be conducted face-to-face or over the telephone.

Contact: For information about reverse mortgage programs or to obtain a current list of participating lenders, contact the U.S. Department of Housing and Urban Development (HUD) office nearest you or a Home Equity Conversion Mortgage (HECM) Counselor at (800) 569-4287. CUSTOMER ASSISTANCE PROGRAMS, UTILITY PROVIDERS

ENERGY ASSISTANCE PROGRAMS:

Budget Billing – All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer’s usage.

Customer Assistance Program (CAP) – CAPs can lower your monthly utility bill. CAPs also may remove the amount you already owe. Each company has a CAP and works with the customer to determine what the customer can pay versus the cost of energy used.

Customer Assistance Referral and Evaluation Program (CARES) – The CARES program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

Hardship Funds – Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted.
The funds make payments directly to companies on behalf of eligible customers.

**Low Income Usage Reduction Program (LIURP)** – LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, a smaller bill means your payment covers a greater portion of the bill or perhaps covers the whole bill.

**Benefits:** Utility provider representatives will review a customer’s problems and provide assistance or referral information about agencies that may be able to help with the problem. Many utility providers offer an optional payment plan and may accept partial payment or make special arrangements if necessary. However, if a customer becomes delinquent and makes no payment arrangements, utility service may be terminated.

**Contact:** Your utility provider first to find out more information about these programs. For additional information, visit [www.puc.pa.gov](http://www.puc.pa.gov).

**PENNSYLVANIA HOUSING FINANCE AGENCY**

The Pennsylvania Housing Finance Agency (PHFA) was created with the mission to provide “decent, safe, and affordable homes and apartments for older adults, people of modest means, and those with special housing needs.”

**Benefits:** PHFA has a variety of housing-related programs that are helpful for older Pennsylvanians, including:

- Affordable home purchase loans for those looking to downsize to a smaller home or to a single-level residence
- Refinancing programs to help homeowners take advantage of today’s lower interest rates to reduce their mortgage costs
- HomeStyle® Renovation program which allows eligible homebuyers purchasing a home or existing homeowners seeking a refinance mortgage to repair, remodel, renovate or complete energy improvements. This allows buyers to make needed repairs right away without having to take out another loan at a higher rate and with a shorter repayment period
• Homeowners Energy Efficiency Loan Program (HEELP), which provides a 1 percent interest rate loan for specific energy efficiency improvements for homeowners, including roofs
• PENNVEST Homeowner Septic Loan, which provides financing for the repair or replacement of homeowners’ on-lot septic systems, first-time connections to public sewage systems, and repairs to existing public sewer line connections to homes
• Homeowners’ Emergency Mortgage Assistance Program (HEMAP), which helps people who, through no fault of their own, have fallen behind on their mortgage payments and are in danger of foreclosure

Contact: Other housing programs provided by the Pennsylvania Housing Finance Agency may be found on the agency’s website at www.PHFA.org or by calling the agency’s Customer Solutions Center at 1-855-U-Are-Home (827-3466).

Note: For older Pennsylvanians who want help finding the right apartment for their housing needs, www.PAHousingSearch.com is an apartment locator that is available.

THE 504 HOME REPAIR PROGRAM
Benefits: This program provides loans to very-low-income homeowners to repair, improve, or modernize their homes and provides grants to elderly very-low-income homeowners to remove health and safety hazards.

RURAL RENTAL ASSISTANCE
Benefits: The Rural Rental Assistance program provides an additional source of support for households with incomes too low to pay the Housing and Community Facilities Program subsidized rent from their own resources.

Those Eligible: People with very low and low incomes, older adults, and people with disabilities are eligible if they are unable to pay their basic monthly rent within 30 percent of adjusted monthly income. Very low income is defined as below 50 percent of the Area Median Income (AMI), low income is
between 50 and 80 percent of AMI, and moderate income is established by adding $5,500 to the low-income limit.

**WEATHERIZATION PROGRAM**

The Pennsylvania Department of Community and Economic Development (DCED) works with the Weatherization Assistance Program (WAP) network of agencies to administer the WAP. In addition, the WAP network partners with the local County Assistance Offices to administer the Crisis Interface Program for homes without heat.

**Benefits:** The goal of the program is to make the cost of energy more affordable for low-income families throughout Pennsylvania by helping them make their homes more energy efficient. Weatherization services are provided at no charge to eligible
individuals and families. Homeowners and renters alike can benefit from this program.

The first step is to conduct a home energy audit to determine the most appropriate energy conservation measures for the home. Such measures may include, but are not limited to, stopping air infiltration by caulking or weather-stripping doors and windows and replacing broken glass, ensuring adequate insulation in attics, and insulating electric hot water heaters. Crisis assistance is available to Low-Income Home Energy Assistance Program (LIHEAP) eligible clients to repair or replace heating systems.

Those Eligible: Individuals and families with household income at or below 200 percent of the federal poverty level. Eligibility for crisis assistance requires a referral from the County Assistance Office.

Contact: For information on the program and to apply for WAP, contact your local weatherization agency by visiting https://dced.pa.gov/. The local County Assistance Office website: http://www.dhs.pa.gov/citizens/heatingassistanceLIHEAP/index.htm should be visited to apply for the LIHEAP emergency crisis assistance.

ANNUITIES SCAMS

Benefits: Pennsylvania law prohibits insurance companies from canceling or refusing to renew or write many types of insurance policies solely because of the age of an applicant or insured person. Those policies that may be refused solely because of age include disability income insurance and hospitalization insurance, among others.

Annuities: An annuity is a contract between you and an insurance company for the payment of money while you are living. Many people buy annuities to help manage their income in retirement.

Insurance companies and agents base the appropriateness or “suitability” of an annuity on:

- Age and annual income
- Financial situation, needs, experience, and objectives
- Intended use of the annuity and time frame for using the money
- Liquidity needs and liquid net worth
• Existing assets, including investments and life insurance
• Risk tolerance and tax status

Under the law, insurance companies and agents must:
• Inform you of any surrender charges (a charge for withdrawing some or all of your money during a specified period of time, usually five to ten years) investment advisory fees, tax penalties, or other costs.
• Believe you would benefit from the annuity, and its features, including riders or enhancements
• Take specific training to sell annuities

Beware of the inappropriate sales practice called “churning” or “twisting.” This is where someone sells you a replacement for an existing annuity you already own, which does not benefit you and is not suitable for your needs and goals.

If you are exchanging or replacing an annuity, the law requires the insurance company or agent to tell you that you may:
• Incur a surrender charge or be subject to a new surrender period
• Lose existing benefits
• Be subject to increased fees and changes to riders

The insurance company or agent must also consider whether you will benefit from the new annuity enhancements and improvements, and, importantly, whether you have had another annuity exchanged or replaced within the last 36 months. This is when you are most likely to face a surrender charge.

Before you buy or change an existing annuity:

DO
• Read the materials. If you don’t understand something, find someone you trust and ask.
• Understand that money put in an annuity is typically “locked up” for a period of time specified in the annuity, often five to ten years. If you withdraw some or all of your money during the specified time period, you will have to pay a penalty called a surrender charge. Annuities are not for short term goals.
Ask about these surrender charges. Do you intend to keep the annuity for the entire surrender charge period? Usually, the closer you are to the end of the time the money must be “locked up,” the smaller the surrender charge.

Pay attention to optional features offered with annuities and get information about additional fees associated with adding benefits.

Use the free look period all annuities all have. Read and understand the terms of the contract. If you decide the terms are not favorable, you can cancel the contract and receive all of your money back. This only applies during the free look period, so make sure you know when this period ends.

DON’T

- Be pressured into thinking you need to buy an annuity today or right now. Don’t feel obligated to buy because someone gave you a free lunch, dinner, or gift.
- Make your check out to the agent or producer, only to the company issuing the annuity.
- Accept verbal assurances. Always verify policy terms in writing.
- Work with an agent unable or unwilling to provide credentials.

The Insurance Department can hold insurance companies, not just agents, accountable for inappropriate annuity sales practices. Under the law, the insurance commissioner may impose penalties and sanctions on both an agent and an insurance company for either inappropriate sales practices or for failing to make sure the seller obtained all the financial information needed to determine whether the specific annuity was suitable.

Now companies:

- Make sure anyone selling annuities for the company has completed the required training courses
- Set up a supervision system to make sure both the company and its agents comply with the law
- May review the seller’s recommendation for an annuity and if they feel it is not suitable for you, refuse to issue the annuity
Agents, or insurance companies if selling directly to you, must make a written record of their recommendation and get a signed statement from you if you refuse to provide the above listed suitability information, or if you decide to buy an annuity that the agent or insurance company does not recommend.

MEDICARE

Benefits: Medicare is a health insurance program for individuals 65 years of age or older, individuals under 65 years of age with disabilities, and individuals at any age with end-stage renal disease (ESRD).

MEDICARE PART A – HOSPITAL INSURANCE

Benefits: Medicare Part A helps pay for five kinds of care:

- Inpatient hospital care
- Inpatient skilled nursing facility care
- Home health care
- Hospice care
- Inpatient care in a religious nonmedical health care institution

In most cases there is no premium for Medicare Part A, however if you are not eligible for free Part A and you didn’t buy it when you were first eligible, your monthly premium may be higher.

MEDICARE PART B – MEDICAL INSURANCE

Benefits: Medicare Part B helps pay for:

- Doctor’s services
- Outpatient hospital services
- Various medical services and supplies
- Preventative benefits

This is a voluntary program and a monthly premium must be paid. In some cases this amount may be higher, such as if you do not enroll in Part B when you first become eligible for Medicare or if your income exceeds a certain threshold.

MEDICARE PART D – PRESCRIPTION DRUG COVERAGE

Benefit: Medicare Prescription Drug Coverage is available to everyone with Medicare and is provided by private insurance companies throughout Pennsylvania. You choose the plan and pay a monthly premium. Some plans may also have a deductible and other cost-shares such as co-pays or coinsurance,
however, some individuals may qualify for help with these costs through the Social Security Administration’s Low-Income Subsidy.

Like other insurance, if you decide not to enroll in a drug plan when you are first eligible and wait to join a plan later, you may have to pay higher premiums. The exception is if you already had prescription drug coverage through other means. This other coverage however, must be determined “credible coverage” by Medicare.

**Those Eligible:** All Medicare beneficiaries.

**Note:** If you are now receiving Social Security or Railroad Retirement benefits or are eligible for these benefits, your Medicare card will automatically be sent to you. However, if you are nearing 65, still employed, and do not receive monthly checks, you must apply for the program at your local Social Security Administration office. To ensure full coverage, be sure to file your application at least three months before your 65th birthday. If you are employed or covered under a large group employer health insurance contract, contact the local Social Security Office about coordinating your insurance.

**Contact:** The Social Security Administration office nearest you for specific information about the benefits and their funding (page 110).

**Take With You:** Your birth or baptismal certificate recorded before your 5th birthday. Other proof-of-age documents may be substituted only if these are not available.

**MEDICARE ADVANTAGE**

Medicare beneficiaries have the option to receive their Medicare benefits through Medicare Advantage Plans. Medicare Advantage Plans are private insurance plans, such as HMOs and PPOs, which contract with Medicare to provide beneficiaries with coverage. Beneficiaries can stay with Original Medicare or elect an Advantage Plan available in their area. Individuals must sign up for both Part A and Part B of Medicare to be eligible to select an Advantage Plan. Beneficiaries will continue to pay the Part B premium after joining an Advantage Plan in addition to any premiums the Advantage Plan may charge.
**Benefits:** Medicare Advantage Plans offer a comprehensive set of benefits and must cover everything Original Medicare covers, including options for prescription drug coverage. Plans may also include additional benefits not covered by Medicare, such as eye and dental coverage.

**MEDICARE SUPPLEMENT INSURANCE (a.k.a. Medigap)**

Original Medicare does not offer complete health insurance protection. Medigap, or Medicare Supplement insurance, is regulated by federal and state law and must be clearly defined as Medicare Supplement insurance. It is designed specifically to compliment Original Medicare’s benefits by filling in some of the gaps in Medicare coverage.

**Benefits:** There are currently 10 standard Medigap policies from which beneficiaries may choose. Each of the plans includes a core benefit package along with varying benefit combinations.

**Those Eligible:** Individuals eligible for Medicare Parts A and B.

Coverage varies according to your particular situation and you should check with Medicaid to find out what services are available to you. If you need emergency ambulance transportation for medical care, Medicaid will pay the cost. Non-emergency medical transportation may also be covered under other programs. In most cases, your Medicare Part B premiums are also paid by Medicaid.

**WILLS**

A Will is a legal document that sets forth your wishes regarding the distribution of your property. A Will allows a testator (the person writing the will) to determine how his or her property should be distributed. In Pennsylvania, the law requires that the testator (person writing the will) be at least 18 years old and of sound mind (mentally competent). Every Will must be in writing and must be signed and dated at the end of the Will by the testator. Should circumstances change, a new Will maybe prepared or an addition maybe added to an existing Will by making an addition, called a codicil.

**Benefits:** A Will allows an adult to select the people who will inherit his or her property (estate) after his or her death. In Pennsylvania, if you die without a Will or if the Will is invalid, your property will be distributed according to Pennsylvania’s intestacy laws, which may not be in accordance with your wishes.

**Who is Eligible:** Any person 18 years or older who is of sound mind.

**Contact:** For assistance in obtaining an attorney to obtain a Will or for additional information, contact your local Area Agency on Aging (page 101), the Pennsylvania Bar Association Lawyer Service, or the SeniorLAW Helpline (page 62).

**POWER OF ATTORNEY**

A Power of Attorney, often known as a POA, is a written document that authorizes a person, known as an “Agent or Attor-
ney-in-fact,” to handle your affairs and/or make decisions for you to authorize another person to act for you, as your Agent. The individual making the Power of Attorney is known as the Principal and the person designated to act on the Principal’s behalf is the Agent.

**Powers granted to an Agent in a POA:** When properly executed, the Power of Attorney document may permit the Agent to arrange your medical care, manage your property, manage your investments, prepare, sign and submit your taxes. A POA can do anything you would normally do for yourself.

**Durable Power of Attorney:** A durable POA is a document that remains in effect or comes into effect after you become disabled or incapacitated. Under Pennsylvania law, POAs signed on or after December 16, 1992 are considered “durable” unless the document specifically states otherwise.

**Health Care Representative (HCR):** In Pennsylvania if you are of sound mind, you can name an HCR yourself, simply by informing your physician orally or in writing who you want to act in that capacity.

**Quick POA Facts:**

- The Principal must be over 18 years of age and competent
- A Power of Attorney must be witnessed and notarized
- A Power of Attorney is also known as a POA
- A Power of Attorney must be signed and dated by the Principal or another adult on behalf of the Principal. If another adult signs, there are additional complex rules.

**An Agent of a POA must:**

- Act in the best interest of the Principal
- Keep the assets of the Principal separate from his or her own
- Exercise reasonable caution and prudence
- Keep a full, complete and accurate record of all transactions, receipts, and disbursements on behalf of the Principal
It is recommended that individuals consult an attorney when drafting or modifying a Power of Attorney document.

A Living Will contains your instructions regarding your wishes for medical treatment, for use before your death.

Living Wills must be prepared by competent adults, and must be signed, dated, and witnessed by two adults. Living Wills can be revoked by you at any time.

**Benefits of Living Will:** Living Wills are only effective when you are permanently unconscious or in an end-stage medical condition and unable to communicate your wishes. A Living Will allows you to make your own decisions about such procedures as tube feedings, ventilators, chemotherapy, radiation, dialysis, surgery, antibiotics and resuscitation.

**Those Eligible:** Any person of sound mind age 18 and over (limited exceptions apply for those under age 18).

CONSERVATION VOLUNTEER PROGRAM

Benefits: The Pennsylvania Department of Conservation and Natural Resources operates the Conservation Volunteer Program. You’ll have the opportunity to volunteer in a state park or state forest to help build a trail, plant a flower garden, teach
a group of students about wildlife, or welcome visitors to the campgrounds.

**Contact:** Your local state park or district forest office and ask for the Conservation Volunteer Coordinator, or submit an application online at [www.dcnr.pa.gov](http://www.dcnr.pa.gov) (choose Connect with Us at the bottom).

**AMERICORPS**

**Benefits:** AmeriCorps members serve in hundreds of nonprofit organizations and public agencies throughout the country — working to fight illiteracy, improve health services, create businesses, increase housing opportunities, or bridge the digital divide.

SENIOR CORPS FOSTER GRANDPARENTS PROGRAM

Benefits: Foster Grandparents serve as mentors, tutors, and caregivers for at-risk children and youth with special needs through a variety of community organizations, including schools, hospitals, drug treatment facilities, correctional institutions, Head Start, and day care centers. Income-eligible Foster Grandparents receive a modest, tax-free reimbursement for transportation, meals during service, an annual physical examination, and accident and liability insurance while on duty. Foster Grandparents serve 15 to 40 hours a week.

Those Eligible: The Foster Grandparent Program is open to people age 55 and over with limited incomes. All applicants undergo a background check and a phone interview, as well as pre-service and in-service training.

RETIRED SENIOR VOLUNTEER PROGRAM

Benefits: Retired? Senior Volunteer Program (RSVP) volunteers serve in a diverse range of nonprofit organizations, public agencies, and faith-based groups. Among other activities, they mentor at-risk youth, organize neighborhood watch programs, test drinking water for contaminants, teach English to immigrants, and lend their business skills to community groups that provide critical social services. RSVP volunteers are not paid, but sponsoring organizations may reimburse them for some costs incurred during service. RSVP provides appropriate volunteer insurance coverage, and volunteers receive pre-service
orientation and in-service training from the agency or organization where they are placed.

**Those Eligible:** RSVP is open to people age 55 and over. Community and faith-based organizations receive grants to sponsor and operate RSVP projects in their community. These projects recruit older adults to serve from a few hours a month to almost full-time, though the average commitment is four hours a week. Most volunteers are paired with local community and faith-based organizations that are already helping to meet community needs.

**Contact:** Your local Area Agency on Aging (page 101) or: Senior Corps of Pennsylvania 800-870-2616 www.seniorcorpsofpa.org

**SENIOR COMPANION PROGRAM**

**Benefits:** Senior Companions serve frail older adults, adults with disabilities, those with terminal illnesses and offer respite for caregivers. They assist their adult clients by offering companionship and friendship, assisting with simple chores, providing transportation, and adding richness to their clients’ lives. Senior Companions receive pre-service and monthly training sessions, reimbursement for transportation, some meals during service, an annual physical, and accident and liability insurance while on duty. Income-eligible Senior Companions also receive a modest, tax-free stipend to offset the cost of volunteering.

**Those Eligible:** Volunteers must be 55 or over and be able to serve between 15 and 40 hours a week.

**Contact:** Your local Area Agency on Aging (page 101) or: Senior Corps of Pennsylvania 800-870-2616 www.seniorcorpsofpa.org

**PEACE CORPS**

**Benefits:** The Peace Corps has three goals: to help people of interested countries meet their need for trained men and women, to help promote a better understanding of Americans on the part of the people served, and to help promote a better un-
derstanding of other people on the part of American citizens. Explore your dream to be a volunteer now. Older Peace Corps Volunteers have the opportunity to share a lifetime of work and wisdom with people of developing nations who respect and appreciate age. They put their wealth of experience to work in all corners of the world and in a variety of assignments, ranging from business advising or community development to teaching English, math, agriculture, or science.

**Those Eligible:** Volunteers must be 55 or over and be able to serve between 15 and 40 hours a week.
