Dear Fellow Pennsylvanians,

Supporting, protecting and advocating for older Pennsylvanians so that they can live safely and independently in their homes continues to be a priority for my administration. This is why I am pleased to present this updated 2022 Benefits and Rights for Older Pennsylvanians book. This book serves as a valuable resource for older adults, their families, and caregivers in locating many services available to them.

Older Pennsylvanians make significant contributions to their communities, and many want to remain independent as long as possible. The Department of Aging supports older adults by providing key assistance, including home and community-based services, protective services and prescription assistance that help keep people healthy and safe. Currently, there are about 3.4 million adults aged 60 and older living in the commonwealth, representing just over a quarter of Pennsylvania’s total population. This older adult population is expected to reach 4 million, nearly one-third of the total state population, by 2030 so learning what services and supports are available will continue to be important.

Far too often, Pennsylvania’s aging population struggles to afford necessary things like medicine, groceries, and rising property taxes. This should not happen in our state. Seniors have spent their lives working hard to provide for families and communities. Therefore, it is incumbent on us to make sure government works effectively for older Pennsylvanians.

My administration is dedicated to ensuring our most vulnerable residents remain active, engaged, and, most importantly, protected from all forms of abuse and neglect. This book provides information on the many programs and services in place throughout the commonwealth that are designed to do this.

I encourage you to share it with the older adults in your life as well as their families, friends, and caregivers.

Sincerely,

Tom Wolf
Governor
Dear Fellow Pennsylvanians,

As Pennsylvania’s older adult population continues to grow and become more diverse, the Department of Aging has worked to conduct effective outreach and to raise awareness of the services available to support and respond to their needs. We are pleased to provide this 2022 edition of the Benefits and Rights for Older Pennsylvanians book, which is designed to serve as a single, comprehensive source of information to help you locate aging and long-term services and programs quickly and easily.

The Department of Aging works to serve, protect and advocate for older Pennsylvanians. We partner with Area Agencies on Aging, other state agencies, and the General Assembly to ensure quality service delivery and to promote a positive quality of life. We are committed to making Pennsylvania a welcoming, safe environment for older adults. To do so, we must reach, serve and empower an increasingly diverse Pennsylvania to live and age in the manner they desire.

The COVID-19 pandemic heightened awareness of the critical needs and challenges that many older adults face in their daily lives, such as making sure nutritional needs are being met and taking steps to reduce social isolation. It challenged us to ensure that our services are responsive, accessible and flexible, to help meet the needs of older adults under a variety of circumstances. We offer help at home, meals, support for caregivers, health and wellness activities, protective services, prescription services, legal assistance and more to support keeping older adults independent, safe and healthy.

With the proper services and community supports, life in our later years can be a time of new opportunity and positive experiences. We encourage you to review this book to learn about the many services and programs available to assist older Pennsylvanians on this journey. We also hope that you will share the information with others who may have a need for support and not know where to turn for help. The Department of Aging and our partners are available to help older Pennsylvanians, their families and caregivers. To learn more about the Department of Aging, please visit our website at www.aging.pa.gov or call us at 717-783-1550.

Respectfully,

Robert Torres
Secretary of Aging
Dear Fellow Pennsylvanians,

Since ticket sales began in 1972, the Pennsylvania Lottery has remained focused on generating funds for programs that benefit older residents through the sale of entertaining Lottery games. The Pennsylvania Lottery remains the only U.S. Lottery that dedicates all of its proceeds for that important purpose, and over the decades the Lottery has contributed more than $32.6 billion to benefit older Pennsylvanians.

This year, the Lottery is again expected to generate more than a billion dollars for programs providing hundreds of thousands of property tax and rent rebates, millions of free and reduced-fare transit rides, and care services to tens of thousands of our most vulnerable residents. It will also provide millions of low-cost prescriptions through the PACE and PACENET programs and a wide range of social, educational, and recreational programs through 52 Area Agencies on Aging and hundreds of senior centers throughout the state.

Another benefit to living in Pennsylvania is an income tax system favorable to retired citizens, since Social Security benefits, formal pension plans and IRAs are not subject to the state income tax. Many older residents also qualify for Tax Forgiveness, eliminating the need to make estimated tax payments on interest or dividends earned from investments.

The Department of Revenue and the Lottery are proud to benefit older Pennsylvanians, every day, by protecting their independence, preserving their health, and improving the quality of their lives.

If you need assistance with personal income tax matters or in completing a Property Tax/Rent Rebate Program application, I encourage you to review the resources available on the Department of Revenue website, www.revenue.pa.gov, or call or visit the Revenue district office, listed in the government pages of the telephone directory, nearest you.

Sincerely,

Dan Hassell
Secretary of Revenue
The Pennsylvania Lottery is proud to generate funds for vital programs that benefit older Pennsylvanians. It remains the only state lottery to dedicate all proceeds to benefits for older residents.

Mission: to promote independence, purpose and well-being in the lives of older adults through advocacy, service and protection.

Vision: a Pennsylvania where older adults are embraced and empowered to live and age with dignity and respect.

The Pennsylvania Department of Aging is formally charged by the federal government via the Older Americans Act (42 U.S.C.A. § 3025(a)) and the Pennsylvania General Assembly (71 P.S. § 581-1) with being an advocate for the interests of older Pennsylvanians at all levels of government. Created in 1978, the department serves as the state unit on aging representing Pennsylvania’s rapidly growing older population, which presently includes more than 3 million people age 60 and over. In addition to overseeing an array of benefits, services, and programs that are made available through its network of 52 local Area Agencies on Aging (AAAs), which cover the commonwealth’s 67 counties, the department is responsible for representing the state’s interests in the design, implementation and continuous improvement of long-term services and supports for older Pennsylvanians.

Although it is one of Pennsylvania’s smallest departments — relative to the number of employees — it is most significant in terms of its budget and its impact on the lives of Pennsylvanians.

The department’s annual budget of more than $550 million is comprised of federal dollars and state funds, which are generated through the Pennsylvania State Lottery Fund. Hundreds of millions of dollars are allocated annually to provide a wide array of services and programs intended to help older Pennsylvanians live and thrive in their homes and communities for as long as possible. These services include home-delivered and congregate meals, caregiver support, health and wellness services, personal assistance, senior community centers, Medicare enrollment counseling, transportation, job training, elder abuse prevention and more.
Among the largest programs the department administers are PACE and PACENET, which assist qualified, older state residents in paying for their prescription medications. Thousands of older Pennsylvanians take advantage of these programs each year.

In addition to its advocacy role, the department is committed to fostering strategic partnerships to ensure that older adults in a variety of settings across Pennsylvania have access to quality services and supports that help them age and live well.

AGING SERVICES NETWORK

AREA AGENCIES ON AGING

Aging services in Pennsylvania are carried out through a robust network made up of Area Agencies on Aging (AAAs), senior community centers, adult daily living centers, and the PA Link to Aging and Disability Resources. This network is vital to ensuring the effective provision of services so that older Pennsylvanians receive the support and services they need.

The department and AAAs collaborate with other state agencies in the delivery of shared supports. These include Pennsylvania’s Department of Health on transition and diversion activities from nursing facilities to private residences, facilities licensing, and health and wellness initiatives; the Department of Transportation on coordinating transportation for older adults; the Department of Community and Economic Development and Pennsylvania Housing Finance Agency on housing and community development programs; the Department of Agriculture on nutrition programs; the Department of Human Services on home and community-based services, and coordination of long-term services and supports; and the Department of Labor & Industry on employment programs, direct care worker initiatives, and programs focused on independent living for persons with physical disabilities.

SENIOR COMMUNITY CENTERS

Senior community centers are a vital linkage in the distribution of aging services, promoting socialization, engagement, and a positive quality of life. Further, senior community centers work with a variety of local organizations including their Area Agency on Aging to provide access to legal assistance, health screenings, senior employment programs, and volunteer opportunities. To find a center near you, go to www.aging.pa.gov/SCC or contact the local Area Agency on Aging (page 107).
OLDER ADULT DAILY LIVING CENTERS

The Pennsylvania Department of Aging licenses 244 older adult daily living centers, providing assistance with personal care, nursing services, social, recreational, therapeutic, and nutritional support of more than 13,000 older Pennsylvanians. Older adult daily living centers offer an interactive, safe, supervised environment for older adults and adults with a dementia-related disease, Parkinson’s Disease, or other organic brain syndromes. One hundred seventeen centers primarily serve older adults with dementia-related conditions, 120 serve adults with developmental or intellectual disabilities, and 7 are LIFE centers. To locate an older adult daily living center, visit the Department of Aging Adult Day Center Directory website. [https://www.aging.pa.gov/local-resources/Pages/Adult-Day-Center.aspx](https://www.aging.pa.gov/local-resources/Pages/Adult-Day-Center.aspx)

To find out if funding is available to help subsidize the cost of adult daily living center services, please contact your local Area Agency on Aging (page 107).

PENNSYLVANIA LINK TO AGING & DISABILITY RESOURCES

Pennsylvania’s Aging and Disability Resource Centers (PA Link) are dedicated to improving access to long-term care supports, expanding the use of community-based solutions, promoting consumer-directed decision making through person-centered counseling, and improving the quality of services regardless of an individual’s age, physical or developmental disability, or ability to pay. PA Link partners work together to connect consumers with all available resources related to care, medication, nutrition, insurance, housing, transportation, employment, behavioral health services, and other supports that make it possible for them to continue to live as independently as possible. To contact PA Link, call 800-753-8827 on weekdays from 9 a.m. until 5 p.m. or email carelink@pa.gov.
PENNSYLVANIA COUNCIL ON AGING

The Pennsylvania Council on Aging serves as an advocate for older individuals and advises the governor and the department on planning, coordination, and delivery of services to older individuals. Sixteen of the members who make up the council (the majority of whom are required to be age 60 or older) are nominated by the governor and subject to Senate confirmation. Five additional members of the council are chairs of the five Regional Councils.

PENNSYLVANIA LONG-TERM CARE COUNCIL

The Pennsylvania Long-Term Care Council consults with various departments and agencies to make recommendations on regulations, licensure, financing, or any other responsibilities of those departments or agencies relating to long-term care. Established by Act 64 of 2015, the council replaces the Intra-Governmental Council on Long-Term Care in order to reflect today's broader long-term care continuum. The council's scope includes all areas of long-term care, including, but not limited to, institutional care and home and community-based services. Chaired by the Secretary of Aging, the council is comprised of 35 members, including long-term care consumers, advocates, caregivers, providers, and policymakers.

CULTURAL DIVERSITY ADVISORY COUNCIL

The Cultural Diversity Advisory Council advises the department on developing and sustaining an aging services network that is culturally sensitive, responsive, and inclusive of the diverse
The needs of Pennsylvania’s older adults. The council is made up of AAA representatives and members from diverse backgrounds and perspectives.

**HOUSING**

**DOMICILIARY CARE SERVICES FOR ADULTS**

**Benefits:** The Domiciliary Care (Dom Care) program provides a supervised, homelike living arrangement for adults age 18 and older who are unable to live independently in the community. Dom Care homes are certified by the local Area Agency on Aging for three or fewer residents. Area Agencies on Aging match eligible residents to Dom Care providers with consideration of their mutual needs, preferences, and interests. Area Agencies on Aging also provide ongoing care management services to residents and conduct annual Dom Care home inspections. Residents of the Dom Care home receive assistance with self-help activities such as bathing, grooming, and laundry. Dom Care providers assure the resident receives nutritious meals, transportation to medical appointments, and assistance with self-administration of medication, when needed.

Dom Care providers are typically individuals who open their homes
and are willing to provide residents with housing, support, care, and encouragement in a family-like setting. They participate in a certification process to make sure their home meets health and safety requirements. The success of the Dom Care program is dependent upon these nurturing individuals who have the desire to give daily, personalized care and attention to residents and encourage a sense of belonging and independence in their own home.

**Contact:** To learn more about the Dom Care program, either as a prospective resident or provider, please go to [aging.pa.gov](https://aging.pa.gov) or contact your local Area Agency on Aging (page 107).

A SHARE Housing Counselor will conduct an introduction with the potential home host and home sharer, conduct reference and criminal background checks, and arrange a home sharing trial.

SHARE is currently available in Pike, Wayne, Monroe, Venango, Crawford, Adams, Union, and Snyder counties, with planning underway for expansion into additional counties.

older adults that are temporarily placed in the side or backyard of a host family (relatives or close friends). The arrangement provides independence and privacy for its resident along with easy access to family or friends who can provide assistance. When living requirements of the resident change, the cottage will be relocated to the home of another host family.

Those Eligible: All seniors served are lower income and pay no more than 30% of their monthly incomes to reside in the cottage. The cottages will be made available through a local collaboration between the Area Agencies on Aging (AAAs) and a local housing partner.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM**

The Pennsylvania Department of Human Services (DHS) administers the Low-Income Home Energy Assistance Program (LIHEAP) through the County Assistance Offices.

Benefits: LIHEAP offers assistance in the form of a cash grant, sent directly to the heating vendor to help pay a portion of heating bills. The LIHEAP cash minimum payment for the 2021-2022 LIHEAP season is $500 and the maximum is $1,500. In addition to the LIHEAP cash program, households experiencing a heating crisis may be eligible for additional benefits through the LIHEAP crisis program. A heating crisis is when a household is without heat or is in immediate danger of being without heat. The LIHEAP crisis minimum payment for the 2021-2022 LIHEAP season is $25 and the maximum payment is $1,200. A household may only receive one cash benefit during the LIHEAP season but may receive multiple crisis payments until the $1,200 maximum threshold is reached. Both the LIHEAP cash and crisis programs operate during the winter heating season.
For the 2021-2022 LIHEAP season, the programs opened on October 18, 2021 and will close on May 6, 2022. DHS may extend or shorten the program depending upon the availability of federal funds. LIHEAP is not welfare or a loan. No lien is placed on the home and the consumer does not have to pay back the money. LIHEAP ensures that Pennsylvanians can stay safe and warm their homes through the winter months.

**Those Eligible:** Individuals and families whose income meets the guidelines established for the program. Eligibility for the 2021-22 LIHEAP season is set at 150 percent of the federal poverty income guidelines. The chart below shows the maximum income allowed for eligibility based on household size.

**EDUCATION FOR HOMEOWNERS, RENTERS, AND DEVELOPERS**

The Pennsylvania Department of Health (DOH) provides information and referral services regarding Lead Poisoning Prevention Information through operation of the Lead Information Line.

**Benefits:** An information and referral specialist can answer questions regarding childhood lead poisoning and in home environ-
mental investigations. The lead line can also provide resources for the removal of lead-based paint. Anyone who is concerned about lead and related issues can call to learn about current lead legislation, regulations and policies related to healthy homes. If you are a homeowner or renter and occupy a home built prior to 1978, it may have lead-based paint. As this paint breaks down, it creates dust, which can be breathed in or touched. Childhood lead poisoning at low levels may make learning difficult, interfere with growth, harm hearing and delay development. At high levels, lead may cause coma, convulsions and even death. Children under age 6 are most at risk, because they put their hands and other things in their mouths. It is recommended that any children under age 6 be tested for lead poisoning, using a simple blood test. A health professional can work with you to lower or eliminate the long-term impact if your child has been exposed to lead. Additionally, it is important to have your home inspected for lead paint. Call the Department of Health for more information on resources for inspection and removal of lead-based paint.

Contact: Call 800-440-LEAD (5323), or visit https://www.health.pa.gov/topics/disease/Lead%20Poisoning/Pages/Information-Line.aspx.

RETIREMENT COMMUNITIES

Retirement communities are evolving and offer a wide range of amenities and levels of services. Retirement communities are generally intended for healthy, active older adults. Units may be rented or purchased.

Check community and property descriptions carefully to ensure the desired amenities or services are offered.

CONTINUING CARE RETIREMENT COMMUNITY

Continuing Care Retirement Communities (CCRCs) are residential communities for older adults, generally over the age of 55 where residents have access to a continuum of health care, including assisted living and skilled nursing care. Pennsylvania is a leader in the continuing care industry, offering more than 290 licensed CCRCs from which to choose.

Benefits: A continuing care retirement community offers independent living, usually in an apartment or cottage, and access to
a higher level of care such as personal care or a nursing facility. Residents move between levels of care as their needs change. Services, such as meals, medical care, and social and recreational activities, are provided through a contractual arrangement for the lifetime of the resident. Residents usually pay an entrance fee and a monthly charge.

**Contact:** To find a local Continuing Care Retirement Community, call 877-881-6388, or visit [www.insurance.pa.gov](http://www.insurance.pa.gov) and click on “Continuing Care” from the Coverage dropdown list. Consumers can also download a copy of the publication at [https://www.insurance.pa.gov/Coverage/ContinuingCare/Pages/default.aspx](https://www.insurance.pa.gov/Coverage/ContinuingCare/Pages/default.aspx).

**ASSISTED LIVING RESIDENCES**
Pennsylvania’s Department of Human Services licenses and oversees assisted living residences.

These residences provide: food, shelter, personal care, and supplemental health care services along with assistance or supervision in such matters as dressing, bathing, diet, financial management, and transportation. Licensing regulations applicable to assisted living residences prescribe enhanced standards of care over personal care homes such as: larger resident living units, service care packages, increased staffing, including nursing staff, and health care services.

Only licensed Assisted Living Residences may use the term “assisted living” in their name or advertising to differentiate them from a personal care home.

The Department of Human Services Bureau of Human Services Licensing licenses and monitors Assisted Living Residences.

Further information on inspections can be found on the department’s website: [www.dhs.pa.gov](http://www.dhs.pa.gov). Click on Licensing & Providers or call 717-783-3670.

NURSING FACILITIES
There are approximately 700 long-term care nursing facilities in Pennsylvania. Nursing facilities are licensed and certified by the Department of Health and monitored by the Department of Health to assure quality of care.

Benefits: Nursing facilities provide medical care and services for individuals who require 24-hour supervised, skilled care. Services are provided based on the individual’s needs due to illness, injury, convalescence, or physical or mental infirmity. Staff is available to assist individuals with all of their medical and personal needs while they are in the nursing facility.

Those Eligible: Services are reimbursed for individuals who are determined eligible for services through the Medical Assistance program (Medicaid). Eligible individuals receive a personal allowance on a monthly basis for their personal use. Medicare and other private insurances may also cover nursing facility services if the individual meets the criteria for coverage. Individuals who
meet the criteria for care in a nursing facility may also be able to be served with home and community-based services, allowing them to continue living in the community.

**Contact:** You can become familiar with the nursing facilities in your area by contacting your local Area Agency on Aging (page 107) or the Department of Health website at [www.health.pa.gov](http://www.health.pa.gov).

Personal Care Homes may be privately owned or operated by a corporation and are for-profit and nonprofit. A Personal Care Home is required to have a written contract between the resident and the home, and list services provided, cost of each service, financial arrangements and information, assessment of medical and support needs, home rules, and additional information.

HOME REPAIR AND REHABILITATION

Benefits: Many of Pennsylvania's older adults prefer to remain in their home as they age. However, expenses such as medical bills and utility costs can make it difficult for homeowners to pay for home maintenance and repairs. There are often local programs available to help.

Contact: Contact your local Area Agency on Aging (page 107) for information on what programs may be available in your area. You may also find helpful programs through Pennsylvania Housing and Finance Agency (PHFA) and the United States Department of Agriculture (USDA) – Rural Development (page 51).

REVERSE MORTGAGES

Benefits: Reverse mortgages are special home loans that allow older homeowners to convert the equity in their home to cash. The proceeds of the loan may be received as a lump sum, monthly payment, or line of credit. The amount you may borrow depends upon the value of your home, your age, the current interest rate, and for certain loans, the lending limits in your area. There are no restrictions on how you may use the reverse mortgage funds. Unlike a traditional mortgage, you do not make monthly payments on this type of loan. Repayment of the loan is due when you or the last borrower, such as your surviving spouse, no longer lives in the property due to death, selling the home, or a permanent move. You continue to own your home and make necessary home repairs as well as to pay the taxes and insurance.

Those Eligible: In general, all borrowers must be 62 years of age or older. Health status is not a factor. There are no special income requirements. The home must be a single family residence or a two to four-unit property that you own and occupy. Manufactured homes built after 1976, condominiums and townhouses may also qualify. Any existing loan or mortgage against the home must be paid off with the proceeds of the reverse mortgage. In addition, any required home repairs must also be completed with the proceeds. You can use any remaining funds for any purpose.

Note: The reverse mortgage must be in the first lien position. Counseling is required for all reverse mortgages before you begin the application process. Counseling sessions can be conducted face-to-face or over the telephone.
**Contact:** For information about reverse mortgage programs or to obtain a current list of participating lenders, contact the U.S. Department of Housing and Urban Development (HUD) office nearest you or a Home Equity Conversion Mortgage (HECM) Counselor at 800-569-4287. CUSTOMER ASSISTANCE PROGRAMS, UTILITY PROVIDERS

ENERGY ASSISTANCE PROGRAMS:

Budget Billing – All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer’s usage.

Customer Assistance Program (CAP) – CAPs can lower your monthly utility bill. CAPs also may remove the amount you already owe. Each company has a CAP and works with the customer to determine what the customer can pay versus the cost of energy used.

Customer Assistance Referral and Evaluation Program (CARES) – The CARES program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

Hardship Funds – Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of eligible customers.

Low Income Usage Reduction Program (LIURP) – LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, a smaller bill means your payment covers a greater portion of the bill or perhaps covers the whole bill.

Benefits: Utility provider representatives will review a custom-
er’s problems and provide assistance or referral information about agencies that may be able to help with the problem. Many utility providers offer an optional payment plan and may accept partial payment or make special arrangements if necessary. However, if a customer becomes delinquent and makes no payment arrangements, utility service may be terminated.

**Contact:** Your utility provider first to find out more information about these programs. For additional information, visit [www.puc.pa.gov](http://www.puc.pa.gov).

**PENNSYLVANIA HOUSING FINANCE AGENCY**

The Pennsylvania Housing Finance Agency (PHFA) was created with the mission to provide “decent, safe, and affordable homes and apartments for older adults, people of modest means, and those with special housing needs.”

**Benefits:** PHFA has a variety of housing-related programs that are helpful for older Pennsylvanians, including:

- Affordable home purchase loans for those looking to downsize to a smaller home or to a single-level residence.
- Down payment and closing cost assistance to help with up-front costs.
- The Access Home Modification Program provides financial assistance to people with disabilities or who have a disabled family member living with them to purchase a home and make it accessible according to their needs.
- Refinancing programs to help homeowners take advantage of today’s lower interest rates to reduce their mortgage costs.

WEATHERIZATION PROGRAM

The Pennsylvania Department of Community and Economic Development (DCED) works with the Weatherization Assistance Program (WAP) network of agencies to administer the WAP. In addition, the WAP network partners with the local County Assistance Offices to administer the Crisis Interface Program for homes without heat.

Benefits: The goal of the program is to make the cost of energy more affordable for low-income families throughout Pennsylvania by helping them make their homes more energy efficient. Weatherization services are provided at no charge to eligible individuals and families. Homeowners and renters alike can benefit from this program.

The first step is to conduct a home energy audit to determine the most appropriate energy conservation measures for the home. Such measures may include, but are not limited to, stopping air infiltration by caulking or weather-stripping doors and windows and replacing broken glass, ensuring adequate insulation in
attics, and insulating electric hot water heaters. Crisis assistance is available to Low-Income Home Energy Assistance Program (LI-HEAP) eligible clients to repair or replace heating systems.

**Those Eligible:** Individuals and families with household income at or below 200 percent of the federal poverty level. Eligibility for crisis assistance requires a referral from the County Assistance Office.

**Contact:** For information on the program and to apply for WAP, contact your local weatherization agency by visiting [https://dced.pa.gov/](https://dced.pa.gov/). The local County Assistance Office website: [http://www.dhs.pa.gov/citizens/heatingassistance/heap/index.htm](http://www.dhs.pa.gov/citizens/heatingassistance/heap/index.htm) should be visited to apply for the LIHEAP emergency crisis assistance.

PA MEDI can also help beneficiaries understand and assist with the Medicare appeal process and understand benefits under Long-Term Care policies. All services are free and confidential.

**Those Eligible:** All Medicare beneficiaries, their families, or their caregivers needing assistance.

**Contact:** PA MEDI at 800-783-7067 from 8 a.m. to 5 p.m. Monday-Friday or your local Area Agency on Aging (page 107).

**ANNUITIES SCAMS**

**Benefits:** Pennsylvania law prohibits insurance companies from canceling or refusing to renew or write many types of insurance policies solely because of the age of an applicant or insured person. Those policies that may be refused solely because of age include disability income insurance and hospitalization insurance, among others.

**Annuities:** An annuity is a contract between you and an insurance company for the payment of money while you are living. Many people buy annuities to help manage their income in retirement.

Insurance companies and agents base the appropriateness or “suitability” of an annuity on:

- Age and annual income
- Financial situation, needs, experience, and objectives
- Intended use of the annuity and time frame for using the money
- Liquidity needs and liquid net worth
- Existing assets, including investments and life insurance
- Risk tolerance and tax status

Under the law, insurance companies and agents must:

- Inform you of any surrender charges (a charge for withdrawing some or all of your money during a specified period of time, usually five to ten years) investment advisory fees, tax penalties, or other costs.
- Believe you would benefit from the annuity, and its features, including riders or enhancements
- Take specific training to sell annuities
Beware of the inappropriate sales practice called “churning” or “twisting.” This is where someone sells you a replacement for an existing annuity you already own, which does not benefit you and is not suitable for your needs and goals.

If you are exchanging or replacing an annuity, the law requires the insurance company or agent to tell you that you may:

- Incur a surrender charge or be subject to a new surrender period
- Lose existing benefits
- Be subject to increased fees and changes to riders

The insurance company or agent must also consider whether you will benefit from the new annuity enhancements and improvements, and, importantly, whether you have had another annuity exchanged or replaced within the last 36 months. This is when you are most likely to face a surrender charge.

Before you buy or change an existing annuity:

**DO**

- Read the materials. If you don’t understand something, find someone you trust and ask.
- Understand that money put in an annuity is typically “locked up” for a period of time specified in the annuity, often five to ten years. If you withdraw some or all of your money during the specified time period, you will have to pay a penalty called a surrender charge. Annuities are not for short term goals.
- Ask about these surrender charges. Do you intend to keep the annuity for the entire surrender charge period? Usually, the closer you are to the end of the time the money must be “locked up,” the smaller the surrender charge.
- Pay attention to optional features offered with annuities and get information about additional fees associated with adding benefits.
- Use the free look period all annuities all have. Read and understand the terms of the contract. If you decide the terms are not favorable, you can cancel the contract and receive all of your money back. This only applies during the free look period, so make sure you know when this period ends.
DON’T

• Be pressured into thinking you need to buy an annuity today or right now. Don’t feel obligated to buy because someone gave you a free lunch, dinner, or gift.
• Make your check out to the agent or producer, only to the company issuing the annuity.
• Accept verbal assurances. Always verify policy terms in writing.
• Work with an agent unable or unwilling to provide credentials.

The Insurance Department can hold insurance companies, not just agents, accountable for inappropriate annuity sales practices. Under the law, the insurance commissioner may impose penalties and sanctions on both an agent and an insurance company for either inappropriate sales practices or for failing to make sure the seller obtained all the financial information needed to determine whether the specific annuity was suitable.

Now companies:

• Make sure anyone selling annuities for the company has completed the required training courses
• Set up a supervision system to make sure both the company and its agents comply with the law
• May review the seller’s recommendation for an annuity and if they feel it is not suitable for you, refuse to issue the annuity

Agents, or insurance companies if selling directly to you, must make a written record of their recommendation and get a signed statement from you if you refuse to provide the above listed suitability information, or if you decide to buy an annuity that the agent or insurance company does not recommend.

LEGAL DOCUMENTS THAT BENEFIT OLDER ADULTS

Some legal documents that older adults should be aware of include: Wills, Power of Attorney and Advance Directive. General information regarding these legal documents are provided. The information provided is general information and not legal advice. Individuals should consult an attorney regarding obtaining any legal documents.

ADVANCE DIRECTIVE FOR HEALTH CARE (LIVING WILL)

Advance Directives are legal documents that have information about a person’s preferences for care in the event the person becomes unable to make decisions on their own behalf. The advance directive is prepared when a person is capable of making and communicating their own decisions. The document allows a person to choose their own health care decision makers and the specific instructions about the type of medical care he or she wants if they are unable to communicate on their own behalf.
The Advance Directive has two parts:

- **Health Care Power of Attorney** – which names the person to make decisions on your behalf.
- **Living Will** – which states your preferences about medical treatment that sustains or prolongs your life, if you have an end-stage medical condition, have suffered irreversible brain damage or disease, or have entered a permanent unconscious state. A Living Will contains your specific instructions for your medical treatment, for use before your death. This information is indicated in your Living Will and must be followed if you have an end-stage medical condition.

**Benefits of Health Care Power of Attorney:** A Health Care Power of Attorney allows YOU to select the person to make decisions for you.

**Benefits of Living Will:** A living will allows a person to make and record their own decisions regarding medical procedures or treatments, such procedures as tube feedings, ventilators, chemotherapy, radiation, dialysis, surgery, antibiotics, and resuscitation. A living will is utilized when the person is unable to communicate that information to his/her health care provider. Living wills can be revoked by you at any time.

**Who is Eligible:** Any person of sound mind and age 18 and over (limited exceptions apply for those under age 18).

**Contact:** For information regarding obtaining an advance directive, contact [PALawHelp.org](http://PALawHelp.org), your local Area Agency on Aging (page 107), the Pennsylvania Bar Association Lawyer Referral Service (page 71), The SeniorLAW Helpline (page 63) or your family doctor.

**POWER OF ATTORNEY**

A power of attorney (POA) is a written document that allows you to delegate or authorize another person to act on your behalf. A POA is a legal document, governed by the laws of Pennsylvania (20 Pa.C.S. Chapter 56). The individual making the POA is known as the “principal” and the person designated to act on the principal’s behalf is the “agent”.
Having a POA is a good idea to protect yourself if you become unable to take care of your finances or your medical treatment and want someone else to have the power to make decisions on your behalf.

There are various types of POAs including:

- **Durable Power of Attorney**: a durable POA is a document that remains in effect or automatically comes into effect after you become disabled or incapacitated. Under Pennsylvania law, POAs signed on or after December 16, 1992, are considered “durable” unless the document specifically states otherwise.

- **Springing Power of Attorney**: a POA that “springs” into effect at a specified future time or when something specified happens.

- **Health Care Power of Attorney**: a POA designed to specifically to address medical decisions.

**Quick POA Facts for Pennsylvania:**

- The principal must be over 18 years of age and competent.
- A POA document must be witnessed and notarized.
- A POA must be signed and dated by the principal or another adult on behalf of the principal. If another adult signs, there are additional complex rules.
- An agent must act in the best interest of the principal.
- The principal can revoke a POA. Please contact legal counsel or one of the below resources to revoke a POA.

Individuals should consult an attorney when drafting or modifying a Power of Attorney document.

**Contact:** For assistance in having a POA prepared, contact your local Area Agency on Aging (page 107), the local Legal Aid office through the Pennsylvania Legal Aid Network at [https://palegalaid.net](https://palegalaid.net), the Pennsylvania Bar Association Lawyer Referral Service at [pabar.org](http://pabar.org) or 800-932-0311, or the SeniorLAW Helpline (page 63).

**WILLS**

A will is a legal document that allows a person to determine and report how his or her property should be distributed upon their death. A will allows a testator (the person writing the will)
to determine how his or her property should be distributed. In Pennsylvania, the law requires that the testator (person writing the will) be at least 18 years old and of sound mind (mentally competent). Every will must be in writing and must be signed and dated at the end of the will by the testator. Should circumstances change, a testator may have a new will prepared, or an addition may be added to an existing will by making an addition, known as a codicil.

**Benefits:** A will allows an adult to select/choose the people who will inherit his or her property (estate) after his or her death. In Pennsylvania, dying without a will is known as dying intestate. Dying intestate allows the Commonwealth of Pennsylvania to distribute the person’s property according to Pennsylvania law, which may not be in accordance with the person’s wishes.

**Who is Eligible:** Any person 18 years or older who is of sound mind.

**Contact:** For information on locating an attorney to obtain a will or for additional information, contact your Pennsylvania Bar Association for lawyer referral at 800-932-0311, PALawHelp.org (page 63), or the SeniorLAW Helpline (page 63).

Any other recognition such as a discount, free meal, or other token of appreciation is completely and solely determined by the organization, business, or entity providing a service.

There is no fee for the Veterans Designation, however qualified applicants must pay any initial issuance, renewal, or duplicate driver’s license or ID fees.
