§ 15.13. Organization and structure of protective services functions.

(a) *General organization.* The area agency on aging may provide protective services directly or under a purchase of services contract with another provider agency. In either case, the area agency on aging is responsible for the compliance of protective services activities with this chapter. The area agency on aging shall assure that the agency meets the minimum standards of organization and structure set forth in this section.

(b) *Protective services caseworkers.*

(1) The agency shall designate as a protective services caseworker at least one caseworker who meets the minimum standards in §§ 15.121—15.127 (relating to staff training and experience standards).

(3) The agency's plan for caseload distribution shall be described in the agency's protective services plan and shall include the following specific information:

(i) The rationale for the proposed caseload distribution.

(ii) How the subset of workers will be defined and selected, including an estimate of the anticipated caseload size to be assigned to each designated protective services caseworker.

(iii) How the cases within a designated protective services caseworker's caseload will be prioritized.

(iv) How that prioritization system will be maintained.

(v) How the agency will develop and maintain the necessary specialized expertise required to fulfill protective services responsibilities.

An intake worker who receives a report of the need for protective services shall receive training as set forth in §§ 15.121—15.127.

(d) *Conflict of interest.* The area agency on aging shall describe in its protective services plan the steps it will take to avoid or minimize the potential of a conflict of interest between the investigative and service delivery functions in the protective services caseload. The description shall identify points in the organization and structure of protective services delivery where a potential conflict of interest may exist and explain the specific organizational responses which the area agency on aging will make to avoid or minimize that potential. The responses may include provisions for assuring some separation between the investigative and service delivery functions. The description shall also include proposed steps for addressing an actual conflict of interest if one arises. Nothing in this chapter constitutes an absolute bar to an area agency from delivering protective services and other area agency on aging services itself or through the same provider solely because of the potential existence of a conflict of interest.

(e) *Depth of agency capacity.* The agency shall require sufficient staff of all categories to be trained under §§ 15.121—15.127 to insure that routine staff absences will not compromise the agency's ability to fulfill its responsibilities under the act. Trained standby staff members shall be available to provide protective services as required, but are not required to be regularly assigned to protective services duties.

§ 15.22. Safeguards for those who make or receive reports.

(a) *Protection from retaliation.* Under the act, a person or entity who takes discriminatory, retaliatory or disciplinary action against an employee or other person who makes a report, against a person who cooperates with the agency or the Department to provide testimony or other information about a report, or against a victim of abuse, commits a violation of the act. The person who takes the discriminatory, retaliatory or disciplinary action is subject to a civil lawsuit by the person who made the report, the victim of abuse named in the report, or the person who cooperated with the agency or the Department. If the court which hears the lawsuit decides in favor of the plaintiff, the plaintiff shall recover triple compensatory damages, compensatory and punitive damages or \$5,000, whichever is greater, from the person or entity which committed the violation.

(b) *Immunity from liability.* As provided under the act, a person who participates in the making of a report or completion of an investigation or who provides testimony in an administrative or judicial proceeding arising out of a report shall be immune from civil or criminal liability because of these actions unless the person acted in bad faith or with malicious purpose. The act does not extend this

immunity to liability for acts of abuse, neglect, exploitation or abandonment, even if the acts are the subject of the report or testimony.

(c) *Intimidation; penalty.* Any person, including the victim, with knowledge sufficient to justify making a report or cooperating with the agency, including possibly providing testimony in any administrative or judicial proceeding, shall be free from any intimidation by an employer or by any other person or entity. Any person who violates this subsection is subject to civil lawsuit by the person intimidated or the victim wherein the person intimidated or the victim shall recover treble compensatory damages, compensatory and punitive damages or \$5,000, whichever is greater.

(d) *Notification.* The administrator of a facility shall post notices in conspicuous and accessible locations and use other appropriate means to notify employees, residents and other individuals of protections and obligations under the act, and keep them informed of the protections and obligations.

§ 15.23. Receiving reports; general agency responsibility.

(a) *Twenty-four hour capability.* The agency shall be capable of receiving reports of older adults in need of protective services 24-hours-a-day, 7 days-a-week-including holidays. This capability may include the use of a local emergency response system or a crisis intervention agency.

(b) *Accessibility of professional staff.* Regardless of the arrangements made by the agency to receive reports outside the normal business hours of the agency, the agency shall provide 24-hours-a-day, 7 days-a-week—including holidays—accessibility to a protective services caseworker by a person receiving reports so that referrals required under § 15.26(b) (relating to screening and referral of reports received) may be made for immediate attention. If this accessibility is provided by means of telephone, telephone paging device or other alternatives to direct physical presence, the protective services caseworker shall be capable of returning the call within 30 minutes.

(c) *Toll-free public telephone access.* To facilitate reporting of older adults in need of protective services, the agency shall provide toll-free telephone access to persons residing in the planning and service area served by the agency. If possible, the agency shall utilize the same telephone number everywhere in the planning and service area at all times. This number shall be extensively publicized throughout the planning and service area with special emphasis on older adults

and persons likely to be in contact with victims or perpetrators of abuse, neglect, exploitation and abandonment.

(d) *Reports from outside the planning and service area.* The agency shall receive all reports made regardless of their place of origin or the location in this Commonwealth of the older adult in need of protective services. If the older adult who is the subject of a report does not reside in the planning and service area of the agency or, at that time, is not in the planning and service area, the agency shall notify the agency which provides protective services in the planning and service area where the older adult is located and relay to that agency the information received in the report.

§ 15.24. Receiving reports; agency intake process.

(a) *Personnel who may receive reports.* A report shall be received only by persons who have received training on the minimum requirements and procedures for receiving, recording, screening and referring reports under § 15.124 (relating to protective services intake training curriculum). When the agency uses an answering service to receive calls from persons reporting a need for protective services, the agency shall have one of the following options:

(1) To provide the training for intake workers required under § 15.124 to appropriate staff of the answering service organization.

(2) To provide that all calls are forwarded directly to designated protective services intake workers or caseworkers of the agency for completion of a report of need form.

(b) *Anonymity for reporters.* A person who reports an older adult in need of protective services may remain anonymous, if desired. In an attempt to secure the reporter's name if additional information or assistance is needed for investigation or service provision, a person who receives a report shall inform an anonymous reporter of the statutory protection from retaliation and liability.

§ 15.26. Screening and referral of reports received.

(a) *Screening.* A person meeting the qualifications in § 15.121(c)(3) (relating to protective services staff qualifications) who receives a report shall screen the report during and immediately following receipt of the report to assign it to one of the following referral categories:

- (1) Emergency.
- (2) Priority.
- (3) Nonpriority.
- (4) Another planning and service area.
- (5) No need for protective services.

(b) *Referral categories and actions.*

(1) *Emergency.* A report placed in this category requires immediate attention because specific details in the report indicate the possibility that the older adult reported to need protective services is at imminent risk of death or serious physical harm. The person receiving an emergency report shall immediately contact a protective services caseworker designated under § 15.23(b) (relating to receiving reports; general agency responsibility) and provide that caseworker with the information contained in the report.

(2) *Priority.* A report placed in this category contains details which clearly suggest that the need for protective services is serious enough to require early intervention. The person receiving a priority report shall immediately contact a protective services caseworker designated under § 15.23(b) and provide that caseworker with the information in the report.

(3) *Nonpriority.* A report shall be placed in this category when it does not appropriately fall within the emergency or priority categories and, therefore, does not require immediate attention by the agency. A report in this category shall be referred to a protective services caseworker of the agency within the normal business hours of the agency's current or next day of business under the agency's established procedures for referring these reports.

(4) *Another planning and service area.* A report which is covered under § 15.23(d) shall be placed in this category. It shall be referred to the agency which has the designated responsibility for protective services in the planning and service area in which the older adult reported to need protective services is located at the time of the report. A report in this category will also meet the criteria for placement in one of the other categories in this subsection. The provisions for referral for the other category shall apply to a referral to another planning and service area.

(5) *No need for protective services.*

(i) A report shall be placed in this category when the person reported to be in need of protective services meets one or more of the following criteria:

(A) Is under 60 years of age.

(B) Has the capacity to perform or obtain, without help, services necessary to maintain physical or mental health.

(C) Has a responsible caretaker at the time of the report.

(D) Is not at imminent risk of danger to his person or property.

(ii) A report in this category shall be referred to a protective services caseworker of the agency within the normal business hours of the agency's current or next day of business. The protective services caseworker shall review the details of the report and take whatever steps necessary to confirm or reject the categorization of no need for protective services. If the caseworker confirms the screening categorization, appropriate referrals shall be made to the area agency on aging care management system or, if concerning

an adult under 60 years of age, to another community agency. If the case-worker rejects the categorization, the report shall be placed in the appropriate category and be handled accordingly.

(iii) A report may not be placed in this category if the older adult is temporarily relocated to a safe environment and will return to the original abusive situation or to a new location which has not been determined to be safe.

Sections 15.103 and 15.104 (relating to responsibilities of staff with access to confidential information; and penalties for violation of confidentiality requirements) also apply to staff of an emergency response agency under contract with the agency to receive reports during times when the agency is not open for business.

INVESTIGATING REPORTS OF NEED FOR PROTECTIVE SERVICES

§ 15.41. Reports required to be investigated.

(a) *General.* The agency shall provide for an investigation of a report received under § 15.23 (relating to receiving reports; general agency responsibility) and referred under § 15.26 (relating to screening and referral of reports

received) to determine if the report can be substantiated and, if so, immediate steps that are necessary to remove or reduce an imminent risk to person or property. The investigation shall be initiated within 72 hours following the receipt of a report or sooner as provided under § 15.42 (relating to standards for initiating and conducting investigations) and include sufficient collateral information provided by interviews, documents, reports or other methods to determine if the older adult is in need of protective services. When applicable, reports and investigations shall comply with §§ 15.141—15.147 (relating to criminal history record information reports).

(b) *Trained and identified investigators.* Only a person who has completed the minimum training required for protective services caseworkers by the Department under §§ 15.121—15.127 (relating to staff training and experience standards) may conduct investigations under this section. When, for reasons unexpected and beyond the agency's control, a trained staff person is not available to conduct investigations, the agency shall notify the Department and seek the Department's approval for its proposed plan for carrying out its investigation responsibilities under this section. The agency shall provide each investigator with official credentials which document the identity of the investigator and the legal authority to implement this chapter.

(c) *Agency responsibility.* The agency is responsible for assuring that an investigation under this section can be conducted whenever circumstances require it. This responsibility includes the provision of standby capability for use if the agency's regularly assigned staff is not available.

§ 15.42. Standards for initiating and conducting investigations.

(a) *Requirements by report category.*

(1) *Emergency report.*

(i) The investigation of a report categorized as emergency shall be initiated immediately following the referral of the report. The protective services caseworker shall make every attempt to ensure the immediate safety of the older adult and to conduct a face to face visit as soon as possible. The agency shall assure that reasonable attempts will be made to conduct a face to face visit within 24 hours after the report is received.

(ii) When, after reasonable efforts to gain access to the older adult, the protective services caseworker is denied access, the caseworker shall docu-

ment the efforts made and take action, as appropriate, under § 15.61 or § 15.71 (relating to access to persons; and involuntary intervention by emergency court order).

(2) *Priority report.* The investigation of a report categorized as priority shall be initiated as soon as possible. The agency shall assure that reasonable attempts to initiate the investigation will be made within 24 hours after the report is received. The investigation of a priority report is initiated only by contact with the older adult reported to need protective services. The protective services caseworker shall make every attempt to visit with the older adult face to face within the 24 hours provided. When, after reasonable efforts to gain access to the older adult, the caseworker is denied access, the caseworker shall document the efforts made and take action, as appropriate, under § 15.61 or § 15.71.

(3) *Nonpriority report.*

(i) The investigation of a report categorized as nonpriority shall be initiated in a timely manner but never later than 72 hours after the report was received. At the discretion of the agency, the initiation of an investigation of

a nonpriority report shall include a visit to the older adult reported to need protective services when details in the report indicate a need to see and talk with the older adult face to face to secure or verify facts essential to the ongoing investigation.

(ii) The investigation of a report categorized as nonpriority shall include at least one visit to the older adult reported to need protective services at an appropriate point in the course of the investigation. Every attempt shall be made to visit with the older adult face to face. When, after reasonable efforts to gain access to the older adult, the protective services caseworker is denied access, the caseworker shall document the efforts made and, when appropriate, take action under § 15.61 or § 15.71.

(4) *No need report.* The investigation of a report categorized as no need for protective services shall consist of the protective services caseworker's review of the report categorization. If the caseworker agrees with the initial categorization, appropriate referrals shall be made within 72 hours after the report was received, to the area agency on aging service management system or, if concerning an adult under 60 years of age to another community agency, if available. If the caseworker does not agree with the initial categorization, the report shall be placed in another category in this subsection and addressed under the applicable provisions for investigating a report in that category.

(b) *Reports involving county or area agency on aging employees.* If the agency is required to investigate a report which alleges that abuse, neglect, exploitation or abandonment has been perpetrated by an employee of the county, the area agency on aging or its subcontractor, the agency shall notify the Department as early as possible during the current or next day of normal business hours. The notification shall be made by phone to a person designated by the Department and shall include the pertinent details of the report. A copy of the completed report of need shall be immediately forwarded by mail to the Department. Copies of written records of investigative activities shall also be forwarded to the Department for review. The Department reserves the right to intervene in the agency's investigation of a report under this subsection if it is determined appropriate to assure a fully objective investigation.

(c) *Written records of investigative activities.* The investigative activities, including home visits and other contacts with the older adult or other persons or organizations needed to facilitate the investigation, shall be documented in writing and placed in the case record. Documentation may include dated and signed photographs and statements related to suspected abuse.

(d) *Completing investigations of reports.* The agency shall make all reasonable efforts to complete an investigation of a report of need for protective services under this section as soon as possible and, in cases of abuse and neglect, at least within 20 days of the receipt of the report. The investigation of the report is completed only when the report has been determined to be substantiated or unsub-

stantiated and, if substantiated, after necessary steps have been taken to reduce an imminent risk to the older adult's person or property.

(e) *Department conducting its own investigation.* If the Department determines that an agency is unable to conduct, or has not conducted, what the Department considers an acceptable protective services investigation, the Department may intervene in the agency's investigation, or conduct its own investigation.

§ 15.43. Resolution of unsubstantiated reports.

(a) When, upon investigation of a report, it is determined that there is no need for protective services, the report shall be classified as unsubstantiated.

(b) A case opened by an unsubstantiated report shall be closed and information identifying the person who made the report and the alleged perpetrator of abuse, if applicable, shall be immediately deleted from the case record.

(c) For the purposes of substantiating a pattern of abuse, neglect, exploitation or abandonment, the name of the person reported to need protective services and other information relevant to the circumstances which led to the report may be maintained for 6 months in a separate locked file accessible only to limited authorized staff for review when it is necessary to establish that a previous report was made. At the end of 6 months, case records maintained under this subsection shall be destroyed unless additional reports lead to their being reopened.

(d) When an older adult who is the subject of an unsubstantiated report has needs for other services, the older adult shall be informed of the availability of services through the area agency on aging service management system or another appropriate community agency.

§ 15.44. Resolution of substantiated reports.

(a) When an investigation confirms the details of a report made under § 15.23 (relating to receiving reports; general agency responsibility) or determines that the subject of the report is an older adult in need of protective services, the report shall be classified as substantiated.

(b) The agency shall provide for a timely assessment of the need for protective services by the older adult who is the subject of a substantiated report if the older adult gives informed consent to an assessment. If an older adult found to need protective services does not consent to an assessment, the agency may seek, when appropriate, a court order under § 15.61 (relating to access to persons).

(c) On the basis of the assessment, the agency shall provide for the development of a service plan of recommended actions which reflect the least restrictive alternatives for removing or reducing imminent risk to person or property and promote self-determination and continuity of care being provided at the time of the agency's intervention. The service plan may include, when appropriate, the pursuit of civil or criminal remedies.

(d) Developed service plans shall be put into effect under § 15.94 (relating to service delivery).

§ 15.45. Situations involving State-licensed facilities.

(a) *General.* The following apply to investigations of reports concerning older adults who reside in State-licensed facilities:

(1) The agency continues to maintain its general responsibility for protective services when a licensing agency assumes the role of investigating a report received by the agency.

(2) The response times provided in § 15.42(a) (relating to standards for initiating and conducting investigations) for initiating investigations of reports apply to initiating investigations of reports under this section. The initiation of the investigation under subsection (c) is accomplished by the referral of the report to the appropriate administrative office.

(3) The supervisor of a protective services caseworker who initiates an investigation under this section shall be informed during the current day or next day of normal agency operating hours concerning the report and shall consult frequently with the caseworker about the progress and findings of the investigation.

(4) The agency shall notify the area agency on aging ombudsman of reports and investigations concerning older adults residing in State licensed facilities for which the area agency on aging provides ombudsman services. In situations that ombudsman services, as established by section 712(g) of the Older Americans Act of 1965 (42 U.S.C.A. § 3058g) and section 2207-A of The Administrative Code of 1929 (71 P. S. § 581-7(d)), are determined to be appropriate, the agency shall request those services from the ombudsman.

(b) *Agency coordination with the licensing agency.*

(1) Except as provided under subsection (c), the agency shall notify the appropriate licensing agency under procedures developed by the Department, in consultation with the licensing agency

(i) Notification shall identify the facility, the older adult and the nature of the report.

(ii) Notification shall be made immediately by telephone or facsimile to the appropriate field office of the Department of Health that an investigation has been initiated in a facility licensed by the Department of Health.

(iii) Notification shall be made immediately by telephone or facsimile to the appropriate field office or central office of the Department of Public Welfare that an investigation has been initiated in a facility licensed by the Department of Public Welfare.

(2) During the course of the investigation, the agency shall coordinate its investigative activities and findings with the licensing agency to avoid duplication of effort and to foster jointly developed remedies to situations requiring protective services intervention.

(c) *State-operated mental health and mental retardation facilities.* If the agency receives a report concerning an older adult who resides in a facility operated by the Department of Public Welfare under its Office of Mental Health or its Office of Mental Retardation, the agency shall provide for an investigation of that report as follows:

(1) The protective services caseworker or investigator to whom the report is referred shall initiate the investigation by referring the report to the appropriate administrative office under procedures jointly developed by the Department and the Department of Public Welfare for investigation under their patient rights program. The jointly developed procedures provide for specific points of contact between the agency and the Department of Public Welfare and establish a system which assures that the agency will be kept fully informed of the activities, findings and results of investigations through written records of the investigative activities and remedial actions as they develop.

(2) The agency shall closely monitor an investigation referred under paragraph (1) to determine that the investigation is effectively implemented and that appropriate remedies have been effected to correct the situation which led to the making of the report. The referral of an investigation to the Office of Mental Health or Office of Mental Retardation does not relieve the agency of its

mandated authority and responsibility to provide protective services. If the agency determines that an older adult's need for protective services is not adequately being met under paragraph (1), the agency shall intervene and conduct its own investigation.

§ 15.46. Law enforcement agencies as available resources.

(a) *General.* This chapter may not be interpreted to deny an older adult who needs protective services access to the normal protections available from the police and other law enforcement agencies as appropriate.

(b) *Interagency coordination.* To facilitate the cooperation of law enforcement officials with the provision of protective services when necessary, the agency shall fulfill the following minimum coordinating activities:

(1) Achieve specific coordination objectives with:

- (i) Police departments in the planning and service area.
- (ii) The district attorney's office.

(4) Provide for the necessary exchange of information about protective services for older adults and the role of law enforcement in the provision of those services.

(c) *The role of law enforcement in protective services.* The agency's protective services workers shall receive training as required under §§ 15.121—15.127 (relating to staff training and experience standards) in applicable sections of the criminal code and the role of law enforcement officials when criminal conduct is encountered or suspected.

(d) *Legal options information.* The agency shall take steps to inform older adults who need protective services of the various legal options, civil or criminal, available through appropriate agencies as possible remedies to situations of risk to person or property. If an older adult reported to need protective services

requests the agency to contact a law enforcement agency, the agency shall respond to that request in an appropriate and timely manner.

(e) *Police assistance to protective services worker.* A protective services worker may, as appropriate, request the assistance of a police officer when investigating a report which indicates a possible danger to the worker. As provided under § 15.74 (relating to forcible entry), forcible entry may be made only by a police officer or State Trooper accompanied by a representative of the agency after obtaining a court order.

(f) *Simultaneous investigation.* When both a report of need for protective services and a police report have been filed, the protective services investigation shall continue simultaneously with the police investigation. The agency may take steps to coordinate its investigation with the police investigation and the investigation of the State licensing agency and shall make available as provided under § 15.105 (relating to limited access to records and disclosure of information) relevant information from the case record.

(g) *Report of death.* If the death of an older adult reported to need protective services occurs prior to the agency's investigation of the report, during the investigation or at any time prior to the closure of the protective services case, when there is some nexus between the death and the need for protective services, the agency shall immediately report that death to the police and the county coroner.

AGENCY ACCESS TO PERSONS AND RECORDS

§ 15.61. Access to older adults.

(a) *Access assured by law.* The agency shall have access to older adults who have been reported to need protective services to:

- (1) Investigate reports received under this chapter.

(2) Assess the older adult's need and develop a service plan for addressing determined needs.

(3) Provide for the delivery of services by the agency or other service provider arranged for under the service plan developed by the agency.

(b) *Access to older adults.* Except in emergency or priority protective services cases, access to older adults shall be between the hours of 7 a.m. and 9 p.m.

(c) *When access is denied.* If the agency is denied access to an older adult reported to need protective services and access is necessary to complete the investigation or the assessment and service plan, or the delivery of needed services to prevent further abuse, neglect, exploitation or abandonment of the older adult reported to need protective services, the protective services caseworker shall make reasonable efforts to clearly inform the party denying access of the legal authority for access in section 304 of the act (35 P. S. § 10225.304) and the available recourse through a court order. If the party continues to deny the agency access to the older adult, the agency may petition the court for an order to require the appropriate access when one of the following conditions applies:

(1) The caretaker or a third party has interfered with the completion of the investigation, the assessment and service plan or the delivery of services.

(2) The agency can demonstrate that the older adult reported to need protective services is denying access because of coercion, extortion or justifiable fear of future abuse, neglect, or exploitation or abandonment.

§ 15.62. Access to records.

(a) *Access assured by law.* The agency shall have access to records relevant to:

(1) Investigations of reports received under this chapter.

(2) The assessment of need and the development of a service plan when an older adult's need for protective services has been or is being established.

(3) The delivery of services arranged for under the service plan developed by the agency to respond to an older adult's assessed need for specific services.

(b) *Access to records.* Except in emergency or priority protective services cases, access to records shall be between the hours of 7 a.m. and 9 p.m.

(c) *When access to records is denied.* If the agency is denied access to records necessary for the completion of a proper investigation of a report or an

assessment and service plan, or the delivery of needed services to prevent further abuse, neglect, exploitation or abandonment of the older adult reported to need protective services, the protective services caseworker shall clearly inform the party denying access to the records of the legal authority for access as set forth in section 304 of the act (35 P. S. § 10225.304) by the agency and the available recourse through a court order. If the party continues to deny access to relevant records, the agency may petition the court of common pleas for an order requiring the appropriate access when one of the following conditions applies:

- (1) The older adult has provided written consent for confidential records to be disclosed and the keeper of the records denies access.
- (2) The agency is able to demonstrate that the older adult is denying access to records because of incompetence, coercion, extortion or justifiable fear of future abuse, neglect, exploitation or abandonment.

Notes of Decisions

In General

The requirements of this regulation are inherently inconsistent with the ex parte procedure used to obtain search warrants, where the element of surprise is deemed necessary to prevent the destruction of evidence. *In the Interest of M. B.*, 686 A.2d 877 (Pa. Cmwlth. 1996).

§ 15.63. Access by consent.

The agency's access to confidential records held by other agencies or individuals and the agency's access to an older adult reported to need protective services shall require the consent of the older adult or a court-appointed guardian except as provided under § 15.61, § 15.62 or § 15.71 (relating to access to older adults; access to records; and involuntary intervention by emergency court order).

EMERGENCY INTERVENTION

§ 15.71. Involuntary intervention by emergency court order.

(a) *General.* When there is clear and convincing evidence that, if protective services are not provided, the older adult to be protected is at imminent risk of death or serious physical harm, the agency may petition the court for an emer-

agency order to provide the necessary services. The person to be protected shall be an older adult in need of protective services as defined in this chapter. The courts of common pleas of each judicial district shall ensure that a judge or district magistrate is available on a 24-hour-a-day, 365-day-a-year basis to accept and decide on petitions for an emergency court order under this section whenever the agency determines that delay until normal court hours would significantly increase the danger the older adult faces. Only the agency, through its official representative, may bring a petition for involuntary intervention by emergency court order.

(b) *Legal representation.* When the agency petitions the court for emergency involuntary intervention, the agency shall make sure the older adult has the opportunity to be represented by counsel at all stages of the proceedings. If the older adult has an attorney known to the agency, the agency shall attempt to notify that attorney before it files a petition for emergency involuntary intervention. If the agency has no knowledge of an attorney who represents the older adult, the agency shall attempt to notify the legal services provider identified by the area agency on aging in its protective services plan to provide legal assistance under this chapter. The notification shall contain enough information about the risk to the older adult and the proposed remedy to enable counsel to determine if representation is necessary at the emergency hearing. Notification to counsel shall include a copy of the petition with the affidavits attached as well as the time, date and place of presentation of the petition except when § 15.72(b) (relating to petition) applies.

§ 15.72. Petition.

(a) *Contents.* The petition which the agency files for an emergency court order of involuntary intervention shall state the following information:

- (1) The name, age and physical description of the older adult insofar as these facts have been ascertained.
- (2) The address or other location where the older adult can be found.

- (3) The name and relationship of a guardian, caregiver or other responsible party residing with the older adult, when applicable.
 - (4) A description of how the older adult is at imminent risk of death or serious physical harm.
 - (5) The physical and mental status of the older adult, to the extent known.
 - (6) The attempts made by the agency to obtain the informed consent of the older adult, or the older adult's court appointed guardian, when applicable, to the provision of protective services by the agency.
 - (7) The specific short-term, least restrictive, involuntary protective services which the agency is petitioning the court for an order to provide.
 - (8) A description of how the proposed services would remedy the situation or condition which presents an imminent risk of death or serious physical harm.
 - (9) A statement showing why the proposed services are not overbroad in extent or duration and why less restrictive alternatives as to their extent or duration are not adequate.
 - (10) A statement that other voluntary protective services have been offered, attempted or have failed to remedy the situation.
 - (11) A statement that reasonable efforts have been made to communicate with the older adult in a language the older adult understands in the case of an older adult who is hearing impaired or who does not understand the English language.
 - (12) Other relevant information deemed appropriate by the agency.
- (b) *Oral petitions.* Nothing in this chapter precludes or prohibits the oral presentation of a petition for emergency involuntary intervention. When oral presentation is warranted, the written petition shall be prepared, filed and served on the older adult and counsel within 24 hours of the entry of the emergency order or on the next business day, when the 24-hour period would fall on a weekend or legal holiday.
- (c) *Affidavits.* Allegations which are not based upon personal knowledge shall be supported by affidavits provided by persons having that knowledge. The affidavits shall be attached to the petition.
- (d) *Emergency order duration.* In the petition, the agency shall request an emergency order of a specific duration which may not exceed 72 hours from the time the order is granted. The agency shall request the court of common pleas to hold a hearing when the initial emergency order expires to review the need for an additional emergency court order or other continued court and protective services involvement, or both. The issuance of an emergency order is not evidence of the competency or incompetency of the older adult.

§ 15.73. Court appointed counsel.

The act requires that an emergency order under this section provides that the older adult has the right to legal counsel. If no representation for the older adult is present at the time the emergency order is requested, the agency shall inform the court of its efforts to notify counsel under § 15.71(b) (relating to involuntary intervention by emergency court order). If the older adult is unable to provide for counsel, the court will appoint counsel as authorized by the act at the time the emergency order is entered to ensure that legal representation will be provided at the time of the emergency protective services review hearing.

The agency shall take reasonable steps to assure protection of the older adult's dependents and property while the older adult is receiving services under an emergency court order. INDIVIDUAL RIGHTS OF PARTIES INVOLVED**§ 15.81. Rights of protective services clients.**

The agency shall observe the following minimum requirements to safeguard the rights of an older adult who is reported to need protective services:

(1) The agency shall discreetly notify the older adult during the investigation that a report of need for protective services has been made and shall provide the older adult with a brief summary of the nature of the report. The protective services caseworker performing the investigation shall determine when and how this notification is accomplished.

(2) If the older adult requests additional information contained in the record, the agency shall provide the information subject to the requirements in § 15.105 (relating to limited access to records and disclosure of information).

(3) A denial of services by the Department or an authorized agency under this chapter may be appealed under Chapter 3 (relating to fair hearings and appeals).

(4) Nothing in this chapter limits the rights of an older adult to file a petition under 23 Pa.C.S. Chapter 61 (relating to the Protection from Abuse Act).

(5) An older adult determined to need protective services has the right to refuse protective services except as provided under a court order. The agency shall obtain, when possible, the older adult's signed statement refusing protective services or document unsuccessful efforts to obtain a signed statement.

(6) An older adult has the right to legal counsel when the agency petitions the court for emergency or other orders to provide protective services without the older adult's consent. The act provides that if an older adult is unable to provide for counsel, counsel shall be appointed by the court. Under § 15.71 (relating to involuntary intervention by emergency court order), the agency is required to take steps to involve counsel when emergency petitions are filed.

(7) As provided under §§ 15.101—15.105 (relating to confidentiality), an older adult has the right to the confidentiality of information received and maintained by the agency in reports, investigations, service plans and other elements of a case record.

§ 15.82. Rights of alleged abusers.

An individual who, as a result of a protective services investigation, is determined to be a perpetrator of the abuse, neglect, exploitation or abandonment of an older adult is entitled to the following if the report is substantiated by the agency:

(1) The agency shall notify the alleged perpetrator at the conclusion of the investigation of the report that allegations have been made and shall provide the alleged perpetrator with a brief summary of the allegations.

(2) As provided under § 15.105 (relating to limited access to records and disclosure of information), the alleged perpetrator may request, and the agency shall provide, additional information contained in the report.

(3) An alleged perpetrator is entitled to file an appeal with the Department under 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) to challenge the agency's finding resulting from the investigation of a report made under this chapter. The agency's finding is that information, after an investigation is concluded, which substantiated the need for protective services. The appeal process applicable to older adults under Chapter 3 (relating to fair hearings and appeals) also applies to alleged perpetrators of abuse, neglect, exploitation or abandonment. This appeal shall be in writing to the Secretary and be postmarked within 30 days from the date of notification by the agency required under this section.

- (1) Administering protective services plans.
- (2) Receiving and maintaining records of reports of abuse.
- (3) Conducting investigations of reported abuse.

A partial listing of the services which may be made available to reduce, correct or eliminate abuse, neglect, exploitation or abandonment of an older adult is found in § 15.93(c) (relating to service plan).
- (8) Purchasing, on a temporary basis, as provided under § 15.112 (relating to uses of funding authorized by the act), services determined by a service plan to be necessary to reduce, correct or eliminate abuse, neglect, exploitation or abandonment of an older adult when the services are not available within the existing resources of the agency or other appropriate provider.

(b) *Availability of protective services.* The agency shall offer protective services under one or more of the following conditions:

- (1) An older adult requests the services.

- (2) Another interested person requests the services on behalf of an older adult.
- (3) If, after initiation of an investigation of a report, the agency determines the older adult needs the services.
- (c) *Informed consent required.* The agency shall provide protective services only to older adults who give informed consent to the services. The consent shall be in writing when possible. If the older adult does not consent or, if after consenting, withdraws the consent, protective services may not be provided unless the provision of the services is allowable as a consent exemption.

§ 15.92. Assessment.

- (a) When a report is substantiated by the agency, or if an assessment is necessary to determine whether or not the report is substantiated, the agency shall, with the consent of the older adult, provide for a timely assessment. If the older adult does not consent, the agency may apply § 15.61 or § 15.71 (relating to access to persons; and involuntary intervention by emergency court order).
- (b) The protective services caseworker shall make face-to-face contact with the older adult to evaluate and document information including the following:

(d) The assessment shall be written so that the reader can determine which information came from the older adult and which constitutes the worker's judgment.

(e) The assessment shall be written in a standard format as required by the Department. Data entries shall be based on commonly accepted and defined nomenclature to make the data more usable across and within agencies and to ensure that older adults are evaluated uniformly according to the standardized definitions.

§ 15.93. Service plan.

(a) Upon completion of the assessment and with the consent of the older adult, a service plan shall be prepared. The service plan shall be cooperatively developed by the agency staff, the older adult or his appointed guardian, and other family members, if appropriate. Protective services may not be provided under the act to an older adult who does not consent to the services or who, having consented, withdraws consent, unless the services are ordered by a court, requested by a court-appointed guardian of the older adult or provided under § 15.71 (relating to involuntary intervention by emergency court order).

(b) The service plan shall be in writing and shall include a recommended course of action which utilizes the least restrictive alternative, encourages self-determination and continuity of care. The recommended course of action may also include pursuit of civil or criminal remedies.

(c) The service plan shall describe the older adult's identified needs, the goals to be achieved, the specific services which will be used to support attainment of the goals and the procedures to be followed with regard to regular follow-up and assessment of progress. Specific services which may be used to implement the service plan include:

(d) The service plan shall also address, if applicable, special needs of other members of the household unit as they may affect the older adult's need for protective services. The identification in a service plan of service needs of other members of the older adult's household does not obligate the agency to pay the costs of the services.

(b) Protective services may not be provided under the act to an older adult who does not consent to services or who, having consented, withdraws consent, unless the services are ordered by a court, requested by a guardian of the older adult or provided under § 15.71 (relating to involuntary intervention by emergency court order).

- (b) Except when the older adult withdraws consent to the delivery of protective services, the agency may terminate protective services in one of the following ways:
 - (1) By closing the case when no further service intervention is required by the older adult.
 - (2) By closing the case when a court order for services has terminated and the older adult does not consent to further service intervention.
 - (3) By transferring the older adult to the service management system of the area agency.
 - (4) By transferring the older adult to another appropriate agency.
- (c) When the agency terminates protective services, the agency shall inform the older adult and, if applicable, responsible caretakers of this action and its

§ 15.102. Maintenance of case records.

(a) Protective services case records shall be kept, when not in use by authorized persons, in a locked container and separate from other agency files. The report, the record of investigation, notes of contact with the older adult and others involved with the case, court documents and letters of notification may not be transferred to, or reprinted for, other agency files. The assessment and service plan may be transferred to other agency case files with assurance by the agency that an older adult's complete protective services case record can be immediately produced.

(b) When an individual case record is removed from its storage location for use by an authorized person, the person shall sign for the record according to sign-out procedures developed by the agency.

(c) Except as provided under § 15.105 (relating to limited access to records and disclosure of information), only staff with direct responsibility for protective services functions may be authorized by the agency to have access to the protective services case records. General access is restricted to protective services supervisors, protective services caseworkers and clerical staff assigned to type and maintain case records.

(d) As provided under § 15.43 (relating to resolution of unsubstantiated reports), when the agency cannot substantiate a report of a need for protective services, the case opened by the unsubstantiated report shall be closed and information identifying the person who made the report and the alleged perpetrator of abuse, if applicable, shall be immediately deleted from the case record.

(e) For the purposes of substantiating a pattern of abuse, neglect, exploitation or abandonment, the name of the older adult reported to be in need of protective services and other information relevant to the circumstances which led to the report may be maintained for 6 months in a separate locked file accessible only to authorized staff for review when necessary to establish that a previous report was made. At the end of 6 months, case records maintained under this subsection shall be destroyed unless additional reports lead to their being reopened.

(f) The agency shall develop written procedures for the deletion or expungement of information in case records and for the destruction of case records so that unauthorized persons are not able to gain access to information from case records. - (7) Arranging for available services needed to carry out service plans, which may include, as appropriate, arranging for services for other household members to reduce, correct or eliminate abuse, neglect, exploitation or abandonment of an older adult. The inclusion of services needed by other household members in the service plan will allow the agency to arrange for the provision of those services through public and private entitlements or resources for which the individuals are or may be eligible. The inclusion does not obligate the agency to pay for the services or to provide services which are not available from another appropriate provider.
- (8) Purchasing, on a temporary basis, services determined by the service plan to be necessary to reduce, correct or eliminate abuse, neglect, exploitation or abandonment of an older adult when the services are not available within the existing resources of the agency or another appropriate provider.
