Mandatory Abuse Reporting

BACKGROUND AND PROCESS:

Act-13 of 1997 requires an employee or administrator of a facility who has reasonable cause to suspect that a recipient is a victim of abuse to immediately report the abuse. The effective date was December 10, 1997.

Employees and/or administrators who have reasonable cause to suspect that a recipient is a victim of any of the types of abuse described below shall immediately make an oral report to the Area Agency on Aging (AAA). In addition to reporting to the AAA, oral reports must be made to the Pennsylvania Department of Aging (PDA) and local law enforcement for suspected abuse involving sexual abuse, serious physical injury, serious bodily injury or if a death is suspicious.

Within 48 hours of making all oral reports, the employee or administrator shall make a written report (on forms prescribed by PDA as mandated by Act 13) to the AAA. Additionally, within 48 hours of making an oral report for an abuse involving sexual abuse, serious physical injury, serious bodily injury and suspicious death, the employee and an administrator shall make a written report (on forms prescribed by PDA as mandated by Act 13) to appropriate law enforcement officials. The AAA will forward a copy of the written report to the Department of Aging within 48 hours for all reports involving sexual abuse (not including sexual harassment), serious physical injury, serious bodily injury and suspicious death.

NOTE: Sexual harassment is an abuse that requires reporting to the AAA; however, it is not sexual abuse that requires reporting to PDA and local law enforcement.
