

Suicide Prevention Task Force Public Listening Sessions Feedback Form

The Suicide Prevention Task Force will travel to multiple locations across Pennsylvania to hear from stakeholders, mental health professionals, educators, and individuals and families to learn from community members with lived experiences related to suicide and mental health.

This feedback will help inform the development of the statewide suicide prevention plan, suicide prevention outreach and education, and strategies to fight stigma associated with suicide, suicide attempts, and mental health issues.

For more information on Pennsylvania's Suicide Prevention Task Force and upcoming public meetings or listening sessions, visit: <http://www.dhs.pa.gov/citizens/SuicidePrevention/>

Feedback

Please use the space below and on the next page to share information and ideas related to the statewide Suicide Prevention Task Force goals. The three questions that are guiding the task force's work and can be used to guide stakeholder input are:

- 1) What challenges are we facing in our communities related to suicide awareness, stigma, and prevention, and how can we best address these barriers to expand and improve our efforts?

- 2) How can we strengthen our safety net for individuals across the lifespan who are at risk of suicide, as well as for specific populations known to be at increased risk of suicide?

- 3) How can we better support survivors of suicide and those with lived experience in their healing and path to recovery?

- 4) Please provide any additional input or questions below.
